Von Joan Wolf : The Gamble (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gamble (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. One of regency romances finest novelistsVon Ein KundeIt was after her father had violently died at the hands of a cutthroat, Georgie Newbury learned how he earned a living and kept her and her younger sister Anna out of the poor house. Alas, her papa, The late Lord Weldon, was blackmailing four of his peers for cheating in cards and a fifth for cheating on his wife. To insure their futures, Georgie decides to go into the family business and blackmail one of her father's

victims into throwing her a season in order to snare her a husband. After inspecting the evidence and what she knew about the infamous five, Georgie selects the Earl of Winterdale, whose daughter is being presented to the ton. To Georgie's shock, her intended victim has been dead for about a year. Instead, she finds herself fighting with the new Earl, Phillip. However, he agrees to sponsor her stunt because he as he tells her this as an opportunity to slap back at his odious aunt. Though he treats her horribly, she soon falls in love with him. Soon, Georgie has other concerns to deal with as someone is trying to kill her. In spite of this outwardly her season might be considered a huge success, but inwardly, Georgie knows she has failed because she cannot have the one man she loves. No one does Regency romance quite as good as Joan Wolf, whose latest story is a terrific tale that is fun for all read the novel. The story line is fast-paced and often times humorous, and the lead protagonists are the top of the Ton. Fans of historical romance should take a GAMBLE on Ms. Wolf's newest novel because they will receive a large payoff. Harriet Klausner1 von 1 Kunden fanden die folgende Rezension hilfreich. Fun, interesting characters, with some plot problems Von Ein Kunde Thoroughly enjoyed the book once I got past the author's problems with genre. Ms. Wolf is a marvelous writer, but her characters behave more like 1990's sophisticates rather than 18th century. Excellent historical research and settings. Minor plot problem (when the author has her main character do something dishonest, then continues to beat the reader over the head that the character really is scrupulously honest....) but once you get past that it is well worth reading!

Kurzbeschreibung Georgiana Newburys father was a blackmailer, though she only learned this on his death. In an effort to provide for her handicapped sister, she attempts one extortion of her own for the elderly Earl of Winterdale to present her to society to find a husband. But the earl is dead and the title has passed to his nephew, who, for reasons of his own, agrees to Georgie's demands. Comments From Library Journal about The Gamble ...The knowledge that her late father, Lord Weldon, had been a blackmailer was shocking enough, but when Georgiana Newbury actually follows in his footsteps, if only briefly, and tries to "convince" one of her father's victims, the elderly Earl of Winterdale, to present her to society in an effort to find a suitable husband, even she is surprised. However, the earldom has changed hands, and when the present earl, young, arrogant, and not at all what Georgiana had expected, suddenly agrees to her plan, she begins to question her decision. In this fast-paced, highly readable Regency historical, a bold, bright heroine who takes her family responsibilities seriously faces off with a handsome, calculating hero with a purpose of his own; the novel deftly depicts the flash and glitter of the season and will please Wolf's many fans. s for other Joan Wolf Regency Regency novels ...The Guardian ...The Belles and Beaux of Romance Joan Wolf always delivers a stellar reading experience. The latest treasure by Joan Wolf is The Guardian. Set in Regency England it is a tale about an extraordinary woman and how she deals with family secrets, deceit, and the great love of her life. The Arrangement ...Another winner wonderfully written. Whether your favorite Joan Wolf story features Regency heroes, strong heroines, or marvelous Regency era settings, you'll find it all here in The Arrangement. Sherry Crane Compute Serve Romance sThe Deception What with the resurgence of interest in Jane Austen, Regency romances are enjoying a renewed popularity. Veteran novelist Wolf (best known for her prehistoric The Reindeer Hunters), turns in her own delightful addition, one that combines sensuality and passion with a spirited first-person narrative. When Kate Fitzgerald's horse-trader father is killed, she's placed with her malicious uncle, who spitefully maneuvers her into marriage with Adrian, Earl of Greystone. Waterloo hero Greystone accepts the unfortunate situation, but Kate falls deeply in love. Against the colorful racetrack background of the running of the Guineas at Newmarket, she schemes to entrap the aristocrat who murdered her father. PUBLISHERS WEEKLY Joan Wolf is a USA TODAY bestselling author, whose acclaimed Regency romances have earned her national recognition as a master of the genre. Her many historical and contemporary romances have been highly praised by reviewers and authors alike. Publisher's Weekly reviewed one of her novels as "historical fiction at its finest." Joan was born in New York City but has lived most of her life in Connecticut with her husband, two children and numerous pets. An avid rider and horse owner, she enjoys featuring horses in her novels. Kurzbeschreibung Georgiana Newburys father was a blackmailer, though she only learned this on his death.
