WhatVon Petera load of crap.I should sue the writer for a compensation.I've read the first book von Coes Power Down and it was okay, the second was 50:50 but this book is really the most stupid I've ever read and I'm an avid reader.It

should go as science fiction not as a thriller because this book has nothing not even the slightest inkling of reality. It's like the old western from the 30 and 40 only the Indians are now Iranians terrorists. The American and Israelis are the good, good looking and smart people, our superhero he can even shoot with both hands simultaneously and everything works out fine. People who work with him are also good looking smart, honest and supermen or superwomen. The Iranians however are bad, sadists, hypocrites, backstabber, slimy plotter and completely insane. The good Iranians are only those who work for the CIA. I've read only half of the book and I don't know if I gonna finish it but I have no doubt the American hero will save the world once again and kill all bad guys without getting hit himself of course. His chicks? Of course only the best and good looking ones. If you're looking for a Chuck Norris superhero type who is the best in everything then this is the right book for you. 0 von 0 Kunden fanden die folgende Rezension hilfreich. a good read. repetitive sometimes and for the sharp minded, details are repeated. Great book - waiting for the next one. Von albatros In his last book, Dewey Andreas helped to overthrow the government of Pakistan, almost single-handedly. In this book he works together with the Israelis to stop a terrorist attack by the Iranians. It's all a bit over the top but in a fun sort of way. It's a straight-forward action-packed thriller with a good guys vs. villains plot. If you're looking for depth and analysis, this is not the book for you. Instead what you get is a page-turner that will keep you reading and reading until Dewey saves the world again.

Kurzbeschreibung Former SEAL and Delta force operator Dewey Andreas owes his life to Kohl Meir and his team of Israeli commandos. So when Meir shows him a photo of what appears to be a nuclear device with the words 'Goodbye Tel Aviv' written in Farsi on the side Andreas realizes that repaying his debt to Meir, his team and to Israel is going to take more than a simple 'thank you'. Meir and Andreas devise a high risk, high stakes plan using leaked information from officials inside Iran and dissidents from groups outside the country to try to find and hijack the device before it is deployed. But from their very first move, they catch the attention of the brilliant and brutally tough Abu Paria, the Iranian intelligence chief, who takes Meir hostage. Andreas must face off against an opponent with equal cunning, skill, and determination while the one man who might be able to help is chained to the wall of an Iranian prison. Can Andreas prevent the nuclear bomb obliterating Israel's largest city and thereby avoid a world catastrophe . . . ? An action-packed thriller from internationally bestselling author, Ben Coes, *The Last Refuge* is an explosive addition to the Dewey Andreas series.
