Von Josephine McCarthy : The Last Scabbard (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Last Scabbard (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A truly secret book.Von Fra.AcherJosephine McCarthy's new novel The Last Scabbard is not a novel indeed. It is an exercise in magical vision waiting to be activated. In ancient Tibet sacred text were buried to be found by designated people in the future and unfold their power when the time was ripe for what they had to say. Similarly, there is a secret text in

this book, buried in the earth of a fantastic novel, waiting to be released by each one of us as a reader. The book is a riddle, a puzzle that pretends to tell a story about a woman called Lumis and her journey through several lives. And while you will hear about Lumis and her experiences passing from one life to her next, Lumis herself is a gate. Her character is a passage, a shell, a mask that talks about the things that naturally don't come veiled in words: About how spirits are magically anchored into bodies, about the forces of the land and the role of humans to maintain or destroy it, about how ancient spells were bound to humans, about how architecture can be leveraged on the astral plane, how dead bodies were used as soul traps. And - most importantly - how our physical world is a world full of instruments, full of strings constantly touched and vibrating in resonance with fingers playing it. Invisible fingers that reach through the land, through the living and dead, through the weather, through our dreams, through our minds and tongues and the people we fear or love. Travel safely, my friends. It will be a wild ride.

Kurzbeschreibung Stretching from Pre Roman Britain, through the 19th century Golden Dawn Magical Group to present day, The Last Scabbard tells of the magical mysteries of ancient Britain/Albion told through the story of the magical sword Caliburn, the Stone of Destiny, and the Last Scabbard-the final Guardian of the sword. A tale filled with magic, occult rituals, love and the confrontation of death and reincarnation-The Last Scabbard peels back the shroud of distant past to expose our potential future. It is often the actions of ordinary people who do extraordinary things that determine the fate of a land and a nation.
