Von Teri (terie@writeme.com) This is a story about of all of us. It takes place in a tight knit Scottish community in the Appalachian Mountains. Several generations have lived in this valley. Cadi is the girl who tells the tale of her ancestors and an ancient burial practice involving a sin eater. Cadi has done something and thinks she needs the sin eater to take away the guilt of what she has done. Who is he and can he help the living? I

won't tell you any more about the story because it unfolds as it goes, weaving a complex web that must be unwound. Francine Rivers writes a story like few others. Her words flow from page to page, making it easy to read the story out loud. Her characters are very realistic and could belong to almost anyone's family. Though, there is much suspense and intrigue, good solutions are reached and truth gets a hearing. Francine also has compassionate insight into human nature. She studies relationships and reveals where they are often misread by both of the parties that are involved. Cry with Cadi as secrets of the valley are revealed and old wounds are healed. Here are a few lines to let you feel the book: In spring, Granny would send me off to pick bluets, violets, and windflowers. As the weeks passed, she'd ask for yellow lady's slipper and bleeding hearts, then roses and white rhododendron clusters that grew along the stream. She'd always seem to know the day when the mayflies danced and died. When I'd come back from whatever venture she'd sent me on, she'd talk about how life was precious. "Don't let a day go by without seeing some wonder in it, Cadi. Stop moping around the house wishing for things to change between ye and yer mama. Go out and see what's there for ye." 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fascinating Von Ein Kunde Francine Rivers has a God-given gift that only one in a trillion people receive! The way she weaves you into a story so that it's almost part of you is no less than amazing. It's been about a year since I read "The Last Sin Eater" and I desperately want to read it again once I am finished with the other volumes I'm into right now. Cadi is one of the most wonderful characters I've ever read about. Some people may think that it's "syrupy" or unreal that children would be quoting Scripture verbatim. To that I say, "Expect the unexpected when the Holy Spirit is in charge!" "The Last Sin Eater" is without a doubt the most fascinating Christian fiction I've ever read. It's impossible to even begin to describe the story or plot line - you have to read it for yourself. You will not regret buying this novel. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A book that touches your soul Von sesx3@aol.com Francine Rivers is a woman of uncommon talent whom I feel the Lord has anointed in a special way to reach the lost and hurting and point them to the Lord Jesus Christ. True, she is a great writer, but her books reveal more than just her ability. They reveal a woman with a living faith who is able to take her readers into that faith. The Last Sin Eater is a book that explores that living faith through a powerful and provocative story. Perhaps my favorite Rivers character so far, Cadi is all of us who are searching and know there is more to this life. She is strong and stubborn and about the most natural born-again Christian I have ever met. I was inspired through her witness to strengthen my own walk with the Lord... If you are looking for a book about the questions in life and the best answer...this is it.

Kurzbeschreibung A captivating tale of suffering, seeking, and redemption set in Appalachia in the 1850s, *The Last Sin Eater* is the story of a community committed to its myth of a human sin eater, who absolves the dead of their sins, and the ten-year-old child who shows them the Truth. All that matters for young Cadi Forbes is finding the one man who can set her free from the sin that plagues her, the sin that has stolen her mother's love from her and made her wish she could flee life and its terrible injustice. But Cadi doesn't know that the sin eater is seeking as well. Before their journeys are over, Cadi and the sin eater must face themselves, each other, and the One who will demand everything from them in exchange for the answers they seek. From Library Journal Even in her romances, Rivers (*Redeeming Love*, LJ 11/1/97) tackles some difficult issues, so this story of a family and a community in turmoil is different from her other books only in that it lacks a love interest. Ten-year-old Cadi's grief over her beloved grandmother—the only person who seemed to love her unconditionally—is compounded by a previous family tragedy for which she believes her family blames her. While at her grandmother's grave, Cadi sees the "sin eater," a human who absolves the residents of the tiny Smoky Mountain community of their sins. Somehow Cadi, touchingly portrayed by Rivers, comes to realize that the sin eater is false and learns of Jesus, and her conversion to Christianity leads to a reconciliation with her family. Rivers delivers both a powerful message about Christian beliefs and the need for forgiveness of sins and an evocative portrayal of life in the 1850s. Highly recommended.
