Von Emily Gee : The Laurentine Spy (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Laurentine Spy (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Historical Romance with a small bit of magic. Very little fantasy.Von Detra FitchShe was born dirt poor, below even the peasants. Dreading the life open before her, Saliel takes an opportunity to become a spy in the Corhonase citadel. With the money she earns Saliel could buy a better life for herself. She could have her independence and land with a

small cottage by the sea. She becomes part of an elite spy group. She is only called Three whenever she meets with the others. Two is a servant and One is a nobleman. They meet secretly, deep under the citadel, within the catacombs. They are cloaked and wear hoods, keeping each ignorant of the others' identities. Only the Guardian knows their true names and faces. Up in the citadel, in the ballrooms and salons of the nobles' Court, she is believed to be Lady Petra. After so long, Saliel's time of spying is almost over. Arrangements are being made for her departure. The only things left to do are to copy the third code book and disappear forever. But a sadistic Spycatcher is brought in. His pale eyes force people to speak the truth. Saliel is the only spy with the ability to lie to the Spycatcher. She keeps quiet as to how she accomplishes this. Should it ever become known that she has just a bit of magic, she would be burned at the stake.**** This story is very much like a Historical Romance with small tad of magic thrown in. If you are looking for more magic than what seems to be hypnotizing, you will be disappointed. The setting is much like the Regency era of London's past. Saliel is the heroine of the story, but there is also a hero, Athan of House Seresin. Once out of the citadel, the story does not dwindle to a stop. On the contrary, it actually picks up and becomes even more exciting. The two spies must learn to trust each other and share their darkest secrets if they are to escape their pursuers. A believable story that shows prime examples of how far people may go for love and loyalty. ****Reviewed by Detra Fitch of Huntress Reviews.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great readVon Book wyrmAnother stand-alone from Emily Gee. Great world-building and a twisty story that makes for a great fantasy read. I loved it.

KurzbeschreibungThe Corhonase citadel is a place of virtue and debaucheryand deadly secrets. For the Laurentine spies embedded there, every day brings danger. Nothing is as it seems, whether in the ballrooms and salons of the nobles' court or the catacombs beneath the citadel.
