myself in the butt. Why, you might be wondering? For not having read this book sooner. It must be one of the funniest, most charming, witty, intelligent and sexy books ever written. It is fun and easy to read while maintaining a smart plot and an intellectual writing style. The humour in the story is never the kind of cheap dumb humour that makes you roll your eyes. Instead it is sexy and sweet. This book is so good it has helped me getting through a long, difficult and draining week. It made me laugh so hard, I had tears streaming down my face and it was so hot at times, I was about two seconds from climbing into the freezer. This book is like a written love child between Friends, Ally McBeal and Two and A Half Men. And it definitely should be turned into a series. The characters are to die for, not just individually but also as a group. Picking a favourite would be hard. And even the antagonists are amazingly endearing. The two main characters are one amazing book couple. Gabby, a public defense attorney, who is more than just smitten with Braden and has discovered her inner hussy, is absolutely adorable. A strong, witty and sexy woman that has a great career but never needs to be a bitch to anyone. I absolutely cheered for her and wanted to be her friend. Her clumsiness and at times awkward behaviour made her even more likeable. Braden on the other hand, a former ladies man also known as a man whore is cocky, without being arrogant, suggestive without being sleazy, hot as hell without being tacky and sweet to Gabby without being sappy. I think he is the absolutely most awesome reformed man-whore in history of books. The two of them together are sweet and sizzling, sexy and classy and their sex. dear sweet baby Jesus. Add to that awesome friends who won my heart and you have the funniest book you'll read this year. 5+ laugh-until-tears-stream-down-your-face-stars.
