Von Donna Kauffman : The Legend Mackinnon before purchasing it in order to gage whether or not it would be worth my time, and all praised The Legend Mackinnon:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Better

than average, though not exceptional. Von ladybug10 THE LEGEND MCKINNON refers to a curse supposedly placed upon all unions between members of the clans McKinnon and Claren following a disastrous clan war which ended up wiping both out three centuries ago. For some reason, the remnant Clarens and McKinnons have had, over the years, an inexplicable, but fatal attraction to one another. Three distant Claren cousins - Maggie, Cailean, and Delaney - appear to be the last surviving Claren descendents, and are left a legacy of land, family research, and unanswered questions by their great uncle Lachlan. As they try to unravel what he was looking for, each crosses paths, in turn, with one of the three long-dead McKinnon brothers. The novel tells us how the six work out their redemption and solve the puzzle that Uncle Lachlan couldn't quite grasp. The author does a very good job of developing the relationships between Maggie and Duncan, and Rory and Cailean. Poor Delaney and Alexander - they come in at the end (Part Three), and really don't receive the attention and character and relationship development that they deserve. This was particularly disappointing to me because both seem like the most intriguing and strongest of the couple trio; I thought that if their story had been a little better fleshed-out, it'd have been a 5 star book. Other than that, and a certain stereotyping of Highlander males (they always end up looking and acting the same), the story is entertaining and kept me reading. I didn't particularly like the description of the McKinnon castle - too dark and forboding! I recommend this book if you are looking for a story with fairly simple entertainment value. A tad predictable despite the originality of its premise.

Complex otherworldly romance Von Ein Kunde Three hundred years ago, the plan for peace between the two Scottish clans was a simple one that would have worked. Three MacKinnon brothers (Duncan, Rory, an Alexander) were to marry Claren clan members, thus, binding the two groups through marriage and children. However, just prior to the wedding, one of the grooms vanished. Each clan blamed the other and for the next three centuries the feud intensified. Late in the twentieth century, Maggie Claren flees from her dangerous former fianc to an isolated cabin she just inherited. There she meets the ghost of Duncan. At the same time, her cousin Claren meets Rory, who is afflicted with wearying immortality. Another cousin, Delaney, finds Alexander, an individual catapulted from the past. Apparently, someone placed a successful curse on the three MacKinnon siblings and only an unknown key can break the spell. As the three couples fall in love, the feud between the clans seems over or perhaps history is to repeat itself by starting the conflict over again.

THE LEGEND MACKINNON is an extremely complex otherworldly romance that would collapse under the trio of tales if attempted by anyone with less talent than the gifted Donna Kauffman. Instead, the story line with the three prime sub-plots dexterously binds into one dramatic main tale that the audience will devour. The six lead characters are fully developed (no easy trick) and their motives read loud and clear. Any reader who relishes an elaborate but entertaining paranormal romance that feels real needs to peruse THE LEGEND MACKINNON, which may be the start of the legend Kauffman.

Big disappointment Von Tina W My romance novel reading has slowly petered off the last 4 years to the point where I rarely read them anymore. And for a voracious reader who only read romance, that is a huge deal. So when I saw the uniformly rave reviews for this book, I decided to pick it up hoping that it would bring back a little bit of that excitement I used to have for romance novels. Boy was I disappointed. First, I never felt that I 'knew' any of the 6 characters very well. I guess one of the drawbacks of having 3 romances in one book is that you really can't get too in depth with any one of them. Second, they all fell in love with their respective partners in about 2 days. Third, I felt these women were too easily accepting of the fact that they were involved with men from 300 years ago. I like a nice paranormal romance as much as the next person (otherwise I wouldn't have even bothered to pick up this book) but it got a bit too much for me when Delaney, the last of the three Claren women, didn't even blink when confronted with the fact that she was in the presence of a ghost and an immortal man. I thought this book had a lot of potential and the idea of it is really interesting. But I think the execution of it was cliché and boring and the ending was both illogical and too pat.

Kurzbeschreibung Three centuries ago in Scotland a curse was born of the long-standing feud between the Claren and the MacKinnon clans. Now, generations later, destiny has decreed that three women, the last of the Claren line, be granted one final chance to set things right. Maggie, Cailean, and Delaney Claren are three cousins who grow up unaware of one another until an inheritance brings them together. Now mysterious journals and the deed to an ancient Scottish castle will bring them face-to-face with the warriors at the heart of the MacKinnon family, three brothers sentenced to cruel fates by a terrible curse. Duncan is trapped in the form of a ghost, Rory must live an immortal life alone, and Alexander has been wrenched by time from the past to the present, with no way back. Ferociously compelling, dangerously relentless, they are bound by no mortal law except desire for the three Claren women. The journals speak of one key that can break the powerful spell. And finding that key will plunge them all into a world of unforeseeable danger and tantalizing desire.... From the Paperback edition. Pressestimmen Praise for Donna Kauffman and her novels: "Adventure, passion, magic and betrayal are the bright threads Donna Kauffman weaves together to create the legend of three bold warriors out of their time." -- Bestselling author Nora Roberts "Donna Kauffman always knows how to set our heart afire with passion and romance." -- Rendezvous "Hard-edged heroes possessing smoldering

sensuality are fast making Donna Kauffman a name to watch for."--Romantic Times "Donna Kauffman is brilliant. She... delivers a captivating love story you'll want to read over and over again."--Booklovers "[Donna Kauffman's] strong plots are rivaled only by her strong and passionate characters. Readers are quickly brought into her stories and are held there captivated until the final pages."--Affaire de Coeur "Enticing and snapping with sexual tension, not to mention a plot pulsing with sinister overtones, Bayou Heat will definitely heat the blood. Ms. Kauffman gives her readers a hot, fiery tale of pure excitement."--Rendezvous on Bayou Heat "Donna Kauffman captures the reader on the first page and holds on tight until the book's end. Her descriptions propel the characters off the page to emotionally dramatize this story of mystery, adventure and romance."--Gothic Journal on Surrender the
