Von David Gemmell : The Legend of Deathwalker (Drenai) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Legend of Deathwalker (Drenai):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Another

Excellent Read!!! Von Joseph Farand Another great addition to the world of the Drenai and the adventures of Druss the Legend. This time Druss travels through the lands of the Gothir and the Nadir. The early history of the Nadir, the origin of the Uniter and the driving force behind these people that makes them into the deadly barbarian hordes of the earlier books is revealed. The excellent characters and fast-paced adventure that you expect from Gemmell are back. Highly recommended! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Thanks for kindling this Von Julia Ellis Yes, a couple of months ago for some reason this book wasn't available on Kindle, but now it is and well worth the read as Gemmell fills in an important missing chapter in the life of Druss the Legend. You either like Gemmell or you don't. If you like, then this book is everything you know and love about his stories. Simple story lines but reaching to the heart. Enjoy. 2 von 3 Kunden fanden die folgende Rezension hilfreich. A Seamless Blend of Characterization and Drenai History Von Ein Kunde Gemmell does an exquisite job in showing the reader just what makes his characters do what they do; be it through their personal experiences, beliefs or ambitions. Through the characters a reader is given the history of the rise and fall of several nations and people's of his Drenai saga. These histories, the Drenai, the Nadir, the Chiatze, and the Gothir, are woven through the experiences and exploits of the book's characters. Gemmell expertly does this while never losing focus on the making of the Legend: Druss the Deathwalker. Gemmell uses snippets of other minor events, such as the Mad God-King and the rise of Garen Tsen, only as much as to give context to the story rather than taking up the spotlight of events. True to his style these things fall by the wayside... not meaning they were unimportant to Drenai history, just that they were not important to the current tale. The reader is in for a treat in learning of the Nadir, the origin of their name and from which peoples they are descended from. Those who know history can draw the parallels to our own. Those who enjoy character development will find it in Druss, his companion Sieben, whom Gemmell fans will remember fell at Skeln, and the Nadir Talisman. Readers will want to pay particular attention to the Chiatze woman Talisman travels with as her knowledge and history shows what interest her people have in the rise of the Nadir. All in all, I believe readers will enjoy the mix of Characterization and developed history of Gemmell's Novel. Those well-read in Gemmell's stories can also enjoy the continuity he has woven into the tale as they tie into future events of the Drenai and Nadir peoples.

Kurzbeschreibung The Legend of Deathwalker continues the extraordinary tale of Druss among the Nadir started in Legend For centuries the tribes of the Nadir have suffered under the despotic tyranny of their Gothir overlords. Disunited and distrustful of one another the tribes await the coming of a Messianic warlord, who will unite them against the oppressors. Into this swirling, chaotic landscape come three men who will change the fate of the continent: Talisman, the mysterious, enigmatic Nadir warrior, haunted by his past and filled with dreams of finding the Uniter; Sieben the Poet, searching for the mysteries of life and love; and Druss the Axeman, determined to find two mystic gems to heal a mortally wounded friend. Together they will journey across a war-torn land, and descend beyond the gates of Hell, where a long-dead king holds the key to a secret that will change the world. The Legend of Deathwalker, this battle-charged tale of Druss among the Nadir, completes the circle begun with Legend and Druss the Legend. Published in 1984, David A. Gemmell's award-winning first novel, Legend, has become a classic. His most recent Drenai and Rigante books are all published as Bantam Press hardcovers and Corgi paperbacks. Hero in the Shadows, Ravenheart and Stormrider are Sunday Times bestsellers. His most recent novel, The Swords of Night and Day, is now available from Bantam Press. Widely regarded as the finest writer of heroic fantasy, David Gemmell lived in Sussex until his death in July 2006. Pressestimmen "Gemmell is several rungs above the good--right into the fabulous"-Anne McCaffrey Werbetext The Legend of Deathwalker continues the extraordinary tale of Druss among the Nadir started in Legend.
