Von Washington Irving : The Legend of Sleepy Hollow (Classic Illustrated Edition) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Legend of Sleepy Hollow (Classic Illustrated Edition) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. You feel that you are thereVon BernieAs with many readers my previous exposure to this story was the Disney Cartoon and the

ghoulish adaptation by Johnny Depp, Christina Ricci in the Movie "Sleepy Hollow" [Blu-ray] (1999). With my purchase of the kindle I was catching up on the classics or sample from different writers. I did not realize this was so short of a story and had to get the images out of my head from the films. I am amazed had what a good descriptive writing of Washington Irving. I had to set the book down occasionally to look up people and words. Now I ordered information on Hudson and Cotton Mather. I spent a year near the location of the story at West Point. Now I wonder if there was such a place as Sleepy Hollow. This is another example of the book being better than the movie. And I look forward to reading more of Washington Irving. You will be hooked on him also. In any event it is worth the read.
