meVon Jeanne Adamek While the story was easy to follow and reading it went quick, I just didn't like the story--the way it was presented. I found the structure of the book awkward. The first part, the building up of the story--the why and the how, was just too long. Strangely, this part was the part that was done the best. I could actually feel the brutality, the sadness and the hopelessness. But it was drawn out too much and I was really feeling depressed reading... The second part of the story, the part that one is supposed to come to realize that everything is going to turn out well, I felt was frankly glib. Glib, I know is a word that is not often used in describing an ending of a book, but I think it fits perfectly here. I really did not like any of the characters. Tina, the mishandled wife, I found acted especially strange. Not the part that she didn't leave her husband. This could be ascribed to the time (1970's) frame that the book was written in. What bothered me was that she kept doing things that she had to know that would set him off even after years of being married to him. I also found it strange the way she talked to other characters later in the story. It was implied, I think, that she was strong. I just do not think that it came across as believable. 2 von 2 Kunden fanden die folgende Rezension hilfreich. The Letter Von Gloria Muller Wonderful. wonderful story. Shows how various lives and loves can become intermingled. Sadness and happiness and especially love wins in the end. Definitely more a woman's book. Well written and worth more than the FIVE stars I have given. 1 von 1 Kunden fanden die folgende Rezension hilfreich. The letter Von Susanne 31 Absolute fabulous book, even though I cried, but it's a fabulous book with so many emotions. There's nothing else to do then give 5 stars
