A story like none other I ever readVon -KundeI discovered this story by chance and was hooked from the very beginning.I was reading the different parts of Annas story, published as own books, before the full book was published and it was

incredible hard to wait for each part. This book causes a rollercoaster of emotions I can't even begin to fully describe. I was sad, angry, disgusted, horrified, happy, thankful and much more. Anna's story is the journey of her life from the deepest recesses of hell to a life where she was finally able to find happiness and love. Parts of this book were so extremely dark that I had to put the book away temporarily, because it was just too much to read at the time. I hated Devon with abandon and still am not able to fathom what he has done to Anna and others. I loved Alex and prayed so hard for a happy ending with him and Anna. Throughout the book I cherished the moments, where Anna was together with Alex and had a brief pause of her devastating life with Devan. When Alex was gone I cherished the moments she had with Wilhelm and Kurt. Even weeks after I finished the last part of the book, I am still thinking of Anna and Alex. These characters won't let me go. While parts of the book were downright disgusting and horrifying, others were extremely hot and very pleasant to read :). The universe created by Mrs. Honeycutt left me wanting for more books in this setting, because it is so very intriguing. The Life of Anna is not for the faint of heart and not a book to read if you just want a happy time. It is deeply dark and emotional but always with the light of hope for better times.

Kurzbeschreibung When tragedy shatters Anna's life at a young age, she finds hope in two men who take her under their wings. Life is perfect until her sixteenth birthday when her world is turned upside down. Her beloved Jack and Devin have turned into monsters that haunt only the darkest of nightmares; nightmares that soon become her reality. The Life of Anna follows the naive and innocent Anna as she enters a dark world of greed, politics, and an evil puppet master who pulls the strings to her world. And beyond. Readers be warned, for this journey is not for the faint of heart. You are about to venture into a world of dark plots, sinister villains, and deeply erotic taboo encounters. Are you brave enough to enter the Life of Anna? What Readers are saying about The Life of Anna: Holy f*%#! ... the author, has quite the imagination. This series is dark, darker than dark, and disturbing, an unbelievable emotional roller coaster ride with strong characters in every twist and turn and you can't help but hold on to the ride. This story has changed the definition of dark erotica for me. I literally could not put this book down. The Life of Anna The Complete Story is the best story I've ever read. Marissa Honeycutt takes you on an intense emotional roller coaster that is Anna's life. This book is the most intense, thrilling, and addictive book I've had the privilege of reading. A complete mind-f@*k in the best possible way. 5 perverted stars.
