My Score: 5 Stars We have another dating agency been getting a lot of those, this one I like it's pretty good it was different. Ms. Wolf and Ms. Arran have become quite writing team for this book. Zane Sarson is a Lion Shifter, but being rich plus most wanted eligible bachelor has its downfall for him. Owning a Shifter Bar called the Pride took a strong hand and lots of work. He didn't have time for dating or woman anymore he was just tired of it all. Then he saw her and went to where she was on bar floor. He knew then and there he was taking her anyway he could. Against the wall was just fine. Lara came to the bar because her friends wanted her too when she got there she realized it was a shifter bar, the girls let her know that when the bell rings they switch partners it's all the see if they could find someone to date. After just getting a divorced she doesn't want anything to do with this she doesn't even want to be with men, not after what her ex husband did to her. Yep not men anymore.... Wow look at him.... maybe just tonight. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung
Speed dating... Lion shifter Zane Sarson is starting to regret letting The True Date Agency host their matchmaking event at his nightclub. Some might say that he needs to get out more, loosen up and live a little, but he knows that's not it. He's just not interested in any woman except for his true mate. The only problem? He hasn't found her yet. Free at last... Curvy Lara Smith is already regretting allowing her friends to drag her on a night out, she'd much rather celebrate her divorce with a good book and a pint of ice-cream. With the ink barely dry on her divorce papers, finding a man is at the bottom of her list. Hell, it doesn't even make the list. One night... That's all it's meant to be for Lara, anyway. A crazy, carefree night with a smoking hot stranger. But Zane has other ideas. He's finally found his true mate now all he has to do is find her again. When Lara discovers that one night of passion can have life-changing consequences she has to make a choice. Does she tell Zane about the secret growing inside of her, or not? **The Lions Pride is a steamy, standalone shifter romance novella with no cheating, no cliffhanger, and a happy ever after guaranteed**
