Von Brad Thor : The Lions of Lucerne (The Scot Harvath Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lions of Lucerne (The Scot Harvath Series Book 1) (English Edition):

read Von Willy Gerber One of the most entertaining books I have recently read. Being Swiss, I can confirm that most geographical and other details about Switzerland are accurate. The hero, agent Scot Harvath, is a great character, and almost as funny as Nelson De Mille's John Corey in Plum Island. Of course, the fast paced action is often exaggerated and not even James Bond outlived so many shootings and beatings, but who cares? It is a lot of fun to read and I am looking forward to my next Brad Thor.

Tolles Buch, auch wenn die hnlichkeiten von Brad Thor mit Vince Flynn offensichtlich sind Von Sascha Faerber Bin ein groer Fan von Thrillern im Umfeld FBI/CIA/Secret Service etc. Nachdem ich alle Bcher erst von Baldacci und danach Vince Flynn gekauft und verschlungen habe, bin ich auf Brad Thor gestoen. Seine Bcher sind weniger martialisch aggressiv als Vince Flynn, aber sonst doch sehr hnlich aufgebaut. Wenn man darber ebenso hinwegsieht, wie ber die offensichtliche berlegenheit des Protagonisten (Olympia-Athlet, NAVY Seal mit Studium, Secret Service und dann Terroristenjger bei extrem guten Aussehen ;)...), dann hat man sehr spannende und fesselnde Lektre fr sich entdeckt. Habe die ersten drei Bcher gelesen und werde mir den Rest der Reihe noch dazukaufen. Keine hohe Literatur, aber die Suche ich ja auch nicht. Ich mchte spannend unterhalten werden, so einfach ist das...

Kurzbeschreibung In a daring and chilling debut, Brad Thor draws us into a sinister labyrinth of political intrigue and international terrorism, serving up an explosive cocktail of unrelenting action -- and a shattering climax -- as one man is pushed to the edge. On the snow-covered slopes of Utah, the unthinkable has just become a nightmarish reality: thirty Secret Service agents have been viciously executed and the vacationing president of the United States is kidnapped by one of the most lethal terrorist organizations in the Middle East -- the dreaded Fatah. But one man, surviving agent and ex-Navy SEAL Scot Harvath, doesn't believe the Fatah is responsible for the attack. Driven by his professional code of duty and honor -- and a solemn vow to avenge his fallen comrades -- Scot creates his own rules to get some answers. But his search for the truth raises the blood pressure of his superiors...and casts his own life in mortal jeopardy. The deadly machinations have been set in motion by a shadowy coalition, comprising some of the highest-ranking officials in government and business -- men who operate above the law, men who realize the threat Scot poses to their hidden agenda...men who will do anything to stop him. Now framed for murder and on the run, Scot goes for broke and takes his own brand of justice to the unlikely place of all -- the towering mountains of Switzerland. It is there that he finds an improbable ally in the beautiful Claudia Mueller of the Swiss Federal Attorney's Office. Together they must brave the subzero temperatures and sheer heights of treacherous Mount Pilatus -- and enter the den of the most notorious team of professional killers the world has ever known..de In this incredibly fast-paced thriller, a conspiracy hatched close to the Oval Office results in the kidnapping of the president and the slaughter of a company of Secret Service agents commanded by ex-Navy SEAL Scot Harvath. The story careers from the ski slopes of Utah to the top of Switzerland's Mount Pilatus and sets Scot on an impossible mission: recover the president, evade renegade Swiss spy Gerhard Miner and his cadre of trained agents, and elude the American conspirators who are hot on his trail. Framed for murder, his reputation in tatters, his former colleagues turned against him, Harvath finds an unlikely ally in a beautiful Swiss prosecutor who's been checkmated by Miner once too often. Together they play a high-stakes game of mixed "doubles" to save the president and uncover the conspiracy. Brad Thor's debut novel is a tightly wound spy tale that makes up in excitement what it lacks in subtlety and character development. Ludlum fans will love it. --Jane Adams.com In this incredibly fast-paced thriller, a conspiracy hatched close to the Oval Office results in the kidnapping of the president and the slaughter of a company of Secret Service agents commanded by ex-Navy SEAL Scot Harvath.
