Very enjoyableVon ChristianeThanks to this book my to-read-list has got a lot longer but it also confirmed my suspicion that there are certain literary works - however ground-breaking - that I will never ever want to read.P.S. Reading this on a Kindle is not ideal as the page layout gets lots and the illustrations are too small.2 von 2 Kunden fanden die folgende Rezension hilfreich. Amazing Literature Guide Book (Even for a First-timer)!Von Paula TjandraputriLately, after i played several games and found out that there're many references to the world's greatest literatures, I encourage myself to know and read about literature. So, I try to buy this book and see what's on it. And this book is more than I expected! It's like a guide book through my new journey on literature!Not just it listed the greatest pieces periodically with unique and interesting graphics, it also listed a brief of the author's profiles and their other works.Oh and there're also a 'Further reading' list that really encouraged me to dive in more in the literature world5 von 5 Kunden fanden die folgende Rezension hilfreich. dicke Kaufempfehlung. Wer sich für Literatur begeistert wird sich auch hier die Blätter um die Ohren schlagen. Die Buchreihe von DK prahlt mit dem Titel "Big ideas simply explained" und in der Tat, genau das tut dieses Buch auch. Es ist für Laien so verständlich wie ein "Dummie-Buch". Besonders für das Einordnen in historische Kontexte empfiehlt sich der Kauf. Dazu ist es sensationell aufgemacht. Das Layout lässt das visuelle Herz höher schlagen. Ich nenne es das bessere recherchierte Wikipedia. Alle wichtigen literarischen Epochen und Bewegungen sind aufgeführt. Weiterhin gibt es Unmengen an Leseempfehlungen. Zu vielen Werken gibt es Inhaltsangaben und Hintergrundinformationen zu den jeweiligen Autoren. Ideal zum Nachschlagen und Stöbern.
