Unterhaltsam, aber nicht herausragend.Von Arne LangeDie Idee an sich ist sehr nett umgesetzt und funktionierte fr mich erstaunlich gut. Natrlich fhrte mich das "Was wenn..." Spielchen schnell zu einigen Fragen, die einige Elemente der Geschichte etwas ins Wackeln bringen. Aber generell war die Prmise solide und die Erzhlung fix genug, um nicht

nicht zu viel hinterfragen zu lassen. Am Ende hatte ich aber das Gefühl, dass aus genau dieser Geschichte, so wie sie da erzählt wurde, viel mehr Emotion und Spannung hätte rüberkommen müssen. Sie ist groß, es geht um viele, viele Leben - immer wieder das des Protagonisten eingeschlossen - und doch ist der Funke nur gerade eben so ein bisschen bergesprungen. Ich war gerade eben neugierig genug, wie es ausgeht, dass ich es zuende gelesen habe. Mit viel Spannung war das nicht. Den bereits erschienenen zweiten Teil werde ich nicht lesen. Meine Erfahrung ist sicher Geschmacksache. Aber ich bin mir recht sicher, dass auch viele andere meinen Eindruck teilen werden, dass Wesley Chu es einfach nicht ganz schafft, die Atmosphäre und das Gefühl ganz rüberzubringen. Lesen Sie unbedingt die Leseprobe! Sie ist recht repräsentativ für die spektakuläreren und auch interessantesten Teile der Geschichte. Wenn Sie das nicht wirklich fesselt, wird Sie nichts an diesem Buch wirklich fesseln. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Good fun to read Von D. Sz. I found it to be a mixture of old and new elements, somewhat funny and witty dialogs at times. If one likes such plots, one should give it a try.

Kurzbeschreibung When out-of-shape IT technician Roen Tan woke up and started hearing voices in his head, he naturally assumed he was losing it. He wasn't. He now has a passenger in his brain an ancient alien life-form called Tao, whose race crash-landed on Earth before the first fish crawled out of the oceans. Now split into two opposing factions the peace-loving, but under-represented Prophus, and the savage, powerful Genjix the aliens have been in a state of civil war for centuries. Both sides are searching for a way off-planet, and the Genjix will sacrifice the entire human race, if that's what it takes. Meanwhile, Roen is having to train to be the ultimate secret agent. Like that's going to end up well
