Von Monica Jackson : The Look of Love (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Look of Love (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
BEAUTY IS IN THE EYE OF THE BEHOLDER!Von Betty HollowayMs. Jackson has certainly given us a winner in this beautiful tale of love in the life of a "meat and potatoes kind of woman".Dr. Steve Reynolds is the beholder and Carmel Matthews is the recipient of his admiration.The main ingredient of this story involves the powerful attraction that a super fine plastic surgeon develops for a super fine, alebeit a size 20, registered nurse whom he's hired to care for his ailing, cantankerous father, Dr. Marvin Reynolds.Though young Dr. Reynolds has a strong physical attraction to Carmel,and even goes as far as to ENERGETICALLY prove it behind closed doors, a sort of "the proof is in the

puddin" sort of action, he still has to deal with his own inner issues which will allow that physical attraction to transcend beyond the boundaries of society's definition of beauty; that which speaks of beauty beginning and ending in a size 10 or less. This author allows us to take a ride on the highs and lows of our imaginations as to how this situation will end. Ms. Jackson not only paints a great storyline with our principal characters, "young" Dr. Reynolds and Carmel, but the byplay she creates between Carmel and "ole" Doc. Reynolds is a story that can stand on its own merits as a novel that would be worth reading over and over again. Get ready to have some gut wrenching laughs as the relationship between these two characters develops. Especially when Carmel deals with "ole" doc's EX. Have tissues for the tears of laughter you won't be able to keep from flowing! Also have some snacks handy, so you won't have to interrupt your reading to run to the kitchen when Carmel throws down in the kitchen! This is a good one Y'all, worthy of adding to your "keeper's" library. Needless to say, I've already ordered her other four books, and I am looking forward to reading the same degree of excellence as she has displayed in this perception of "The Look of Love." 0 von 0 Kunden fanden die folgende Rezension hilfreich. Indeed, true love OUTWEIGHS everything else! Von Luv2ReadHats off to Monica Jackson! A great story about two wonderful people. Carmel Matthews had the nerve, as well as the sense, to realize that true love is just that -- true love. Love does not hurt and love is not unkind. Love is not based on how much an individual weighs or what an individual looks like. Although Carmel was a full figured woman, she was still a beautiful person -- not only on the outside, but inside where it really counts. Carmel realized that she had to accept herself as she was -- weight and all -- if she was to respect herself and see herself as she wanted others to see her. Not only did Carmel's views affect herself, but her issues with her weight affected her family members also. Her daughter started seeing herself through Carmel's eyes and it almost resulted in ill health. However, through love, everything worked out. Now, about Dr. Steve Reynolds! WOW! Dr. Steve turned out to be just what I thought he would be -- one kind, considerate, and nonjudgemental brother. Sure, he had a negative thought or two about Carmel's weight, but he was not thinking as himself, but Steve was thinking as others would think. However, Steve did not hold those thoughts for long. Steve knew what he wanted and went after it -- Carmel, along with her baggage -- her weight! Ms. Jackson really captured the essence of true love in this one. It should be an inspiration to women, not only to the full figured women, but every woman. Everybody is somebody and if we will just be ourself, we can survive. As the saying goes, "If life gives you lemons, then make lemonade." For the full-figured women out there, if you are feeling low or discouraged and you have not read Monica Jackson's "The Look of Love," get a copy, sit back, relax, and enjoy. It will truly be an enlightenment to you. And ... for those of us who are not categorized as "full-figured," this book is still an enlightenment. It lets us know that we are not the only females in the world that can turn a man's head -- even a fine man such as the likes of Dr. Steve Reynolds. Keep your chin up girls! Again, good work, Ms. Jackson! A true eye opener! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Her Best Work Yet Von Sean D. Young Monica Jackson really put her heart in this book. I don't know her personally, but reading this story, I can feel just what she was trying to say in the book. Carmel Matthews did not only have a beautiful face, she was beautiful all over. Because she felt insecure with herself, she felt that a man as prominent as Steve could really love her. She was really good at taking the criticism Steve's mother was dishing out. I think I would have kicked her but before she got as far as she did with Carmel. In all reality Steve's mother was afraid that she wouldn't be beautiful if she was a plus sized woman. The moral of this story is that you can be truly loved no matter what size you are. You have to believe and love yourself first. GO MONICA! GO MONICA! GO MONICA!

Kurzbeschreibung Carmel Matthews has bitten off more than she can chew when she takes on the private duty nursing case of the cantankerous Dr. Reynolds, and meets his son, gorgeous and successful surgeon, Dr. Steve Reynolds. She's sure any sparks flying between them are imaginary, because she weighs well over 200 pounds.
