A future science fiction classicVon kwadzanaGood science fiction creates a visual world the reader can escape into. Thats why we read. Author Brandt Legg skillfully accomplishes this. The story moves forward quickly, beginning with the first

line, without any off-point rambling sidebars. Descriptions are there for the reader and not just the passing thoughts of the author (a mistake that many authors make). I had the feeling when reading *The Lost TreeRunner* that the author never sat down and struggled to write it. Like a great musical composition, *The Lost TreeRunner* is that rare work that seems as if it was born or blossomed naturally, kind of like a Beatles song. Legg creates a believable world with fascinating visual images and visionary, futuristic technology. When reading, take a moment to consider some of the futuristic technology that Legg offers as a possibility in the not-too-distant future. Although I do recommend reading the first book in *The Justar Journal* series, *The Last Librarian*, there is enough background in the first chapter so that you don't have to read the series in sequence. Book One focused on Grandyn's father Runit who was literally the last librarian before the oppressive Aylantik government outlawed historical truth by outlawing libraries. Book two focuses on Runit's son Grandyn, a *TreeRunner* who is brought into the revolt by the death of his father and girlfriend Vida. I agree with what one of the other reviewers wrote about series books. Sometimes a series will start out good and become a let down as it progresses into subsequent books. *Hunger Games* is a good example. Book one was amazing, book two was good and book three was a huge let down. Not so with Leggs *Justar Journal* series. The main character in book two is highly motivated by the death of his father and girlfriend, making him an exciting and interesting protagonist. Simply put, this fun and exciting future science fiction classic is a page turner and definitely deserves a 5-star rating. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Impossible to put down! Von ZS What a wonderful continuation to *The Last Librarian*! Grandyn Happerman is gone missing, or more correctly, he has escaped, desperate in his struggle to keep a step ahead of his pursuers while trying to find his way to the *Justar Journal*. He is the most wanted *TreeRunner* and his enemies are as desperate. I love how Grandyn develops through this second book, how he changes. It proved impossible to put my Kindle down at any point of this story. The action is so intense, the twists and turns so unexpected. What if the books aren't found? What is the code isn't broken? I can't wait to read the next book in the series! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hunting books and the *TreeRunner*! Von Peter Martin *The Lost TreeRunner: An AOI Thriller* (The *Justar...* Brandt Legg After Book 1 in the series, I had to read Book 2 and it surpassed all expectations - brilliant read! I was given this for a birthday gift and I immediately got into the suspenseful story. *The Last Librarian* was really good but this is better and I can't wait for the next instalment. Hunting books and the *TreeRunner*!

**Kurzbeschreibung** The thrilling follow up to *The Last Librarian* Three years after the AOI burned the books, Grandyn Happerman is missing. For more than one thousand days, Lance Miner, Deuce Lipton, Blaise Cortez, PAWN and the AOI have been searching for him. There are rumors that some books survived, books that contain the truth. As Grandyn desperately struggles to stay one step ahead of his pursuers, he attempts to piece together the clues, which will lead to the *Justar Journal*. In a world where everything is watched and secrets are illegal, the only thing more dangerous than starting a revolution is stopping one. Allies and enemies are sometimes one and the same, and often it is hard to know the difference. One thing is certain; the AOI will not be deterred from their mission, peace at any price. Locating the books isn't enough; they also absolutely must find the lost *TreeRunner*. In a world of lies how do you know if you've found the truth? **Kurzbeschreibung** The thrilling follow up to *The Last Librarian* Three years after the AOI burned the books, Grandyn Happerman is missing. At eight, Legg's father died suddenly, plunging his family into poverty. Two years later, while suffering from crippling migraines, he started in business. National media dubbed him the "Teen Tycoon," but by the time he reached his twenties, the high-flying Legg became ensnarled in the financial whirlwind of the junk bond eighties, lost his entire fortune . . . and ended up serving time in federal prison for financial improprieties. Legg emerged, chastened and wiser, one year later and began anew in retail and real estate. In the more than two decades since, his life adventures have led him through magazine publishing, a newspaper column, photography, FM radio, CD production and concert promotion. His books have excited hundreds of thousands of readers around the world. For more information, or to contact Brandt, visit [BrandtLegg.com](http://BrandtLegg.com), he loves to hear from readers.
