## Sale SOLD! - The Black Unicorn - Wizard at Large (Magic Kingdom of Landover Bundle):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A so-so beginning to an awesome seriesVon ZorknotIt' a good book, don't get me wrong, but it isn't funny. I want to repeat that, IT ISN'T FUNNY! It probably could have been funny if it was written by someone else but Terry Brooks is first and foremost a serious fantasy writer. It's what he is good at. Abernathy the dog squire is somewhat amusing I suppose when introductions are made, but when the story-line gets started there is no room for amusement whatsoever. I would probably give this book a higher rating if it weren't for the fact that it makes a mold for the next two or three books. After Brooks starts writing different plots the series gets much much better. My advice is to go ahead and read it, and then skip to The Black Unicorn and read on down the series, just don't expect much humor, if you want that, read Douglas Adams.0 von 0 Kunden fanden die folgende Rezension hilfreich. I was skeptical but I was proved wrong...Von Ein KundeI first discovered Terry Brooks through his seven (now eight) books of Shannara. When I had finished the seventh one I wanted more books by him, and that is when I found Magic kingdom for Sale- Sold!I looked through it, read the back cover summary and felt unwanting to venture into a new world besides Shannara; resistant I was to enter a new line of books. Eventually, I gave the book a shot. Starting in our own world and being intertwined into the depairs and sorrows a certain lawyer. When he entered this so called magical kingdom he bought (though everyone thought he was insane) he found himself in a dangerous and strange land. And he kept on seeing the appearance of the mysterious Paladin that would save him ever so often.Then he earned his rightful kingship, but no one cared to have a new king. And no one would obey this so called king, he was a King of Nothing you could say. Except for the remainder of the royal staff. He also learns that there has been others like him who bought this kingdom, that he wasn't the first. That they had all left or been slain. But he decided that he would become king of this land if it was the last thing he did. Thus enravels the tale of the king to be, and his trials to become king. Terry Brooks yet again has made yet another beautiful world. One that can not even be compared to that of Tolkeins, this world is so different then anything else I have read but yet so interesting. You have to buy the book to see what I mean.0 von 0 Kunden fanden die folgende Rezension hilfreich. Terry Brooks takes you in to an whole new worldVon Ein KundeRecently I finished reading an exciting book "Magic Kingdom For Sale:Sold" by Terry Brooks. I would definitely recommend this book to others that are interested in this author. This book may appear to be a classic style fantasy with knights in shining armor fighting dragons. But, Terry Brooks has managed to add an unusual twist to it by placing the setting in a large, modern city in the first part of the novel. This is a great book for summer reading because you simply cannot put it down. It may be a little more difficult for children under the age of eleven because of its length and some of the vocabulary. The story starts out in the large city. A well-known lawyer named Ben Holiday is the main character. Ever since Ben's wife died, he had been very depressed and in need of a break from the real world. One night, Ben arrives at his house from work and he has received a Christmas catalog in the mail. As he is flipping through it, he finds an ad for a private island filled with fantasy and magic. At this time he is strongly in need of a place to escape. He considers it. When Ben's working partner hears about this consideration, he becomes very angry. The thought that the top lawyer in the firm is considering making a serious dent in his finances by quitting, the idea doesn't go by him very well. From that point on, the book is an action packed adventure. This is one of those books that you can read over and over again and never grow tired of. I enjoyed how the book kept going from one problem to the next. I think that is what makes you keep reading.There are also two more books in this series. I can't wait to read them. If you have not read this book I highly encourage you to do so.

KurzbeschreibungCapture the fantasy, thrills, and far-flung adventure of the first three novels in Terry Brookss enchanting Magic Kingdom of Landover seriesnow for the first time in one gripping volume.Chicago lawyer Ben Holiday cant fathom what lies ahead when he purchases Landovera magical kingdom of chivalry and sorceryfrom Meeks, the mysterious seller who placed the ad. Weary and jaded, Ben clings to the ads promise: Escape into your dreams. But Landover is not the enchanted idyll he expected.The kingdom is in ruin. The barons refuse to recognize Ben as King, a dragon is decimating the countryside, and a demon lord has challenged any prospective ruler to a fatal duel. To make matters worse, the Paladin, renowned champion of the Kings of Landover, seems to be merely a legend.Bens only allies are a bumbling court magician, a talking dog turned court scribe, and the beautiful Willow, who is part girl, part tree. With his friends in tow, Ben sets out to claim the throne. But when Meeks decides he wants Landover back, Ben will face supernatural foes of every stripe to prove himself worthy of the kingship. The question is: Can he survive?From the Trade Paperback edition.KurzbeschreibungCapture the fantasy, thrills, and far-flung adventure of the first three novels in Terry Brookss enchanting Magic Kingdom of Landover seriesnow for the first time in one gripping volume.Chicago lawyer Ben Holiday cant fathom what lies ahead when he purchases Landovera magical kingdom of chivalry and sorceryfrom Meeks, the mysterious seller who placed the ad.
