Von Graham Masterton : The Manitou before purchasing it in order to gage whether or not it would be worth my time, and all praised The Manitou:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Manitou by Graham MastertonVon John BrownAs usual, if you are a fan of Graham Masterton you need to read this

book. A little bit of mind games, a little bit of horror, all in all - a Masterton.

Kurzbeschreibung An ancient, powerful, and vengeful spirit attempts to reenter the world through the body of a terrified young woman in this horror classic. Phony psychic and conman Harry Erskine never really believed in the occult until Karen Tandy approached him with a rapidly growing tumor on her neck, complaining of dark and disturbing dreams. When the mass is revealed by doctors to contain something living, the stakes skyrocket not only for Karen and Harry but for all humanity. Something terrible is returning from the shadows to which it has been confined for centuries: a Native American monstrosity determined to destroy every vestige of the white race that oppressed and preyed upon America's Indians. And unless a motley group of ill-prepared defenders can harness an ancient native magic, there will be no stopping the malevolent shamans' terrible rebirth and no escaping the wholesale carnage it will engender. The Manitou introduced the great Graham Masterton to the canon of horror, instantly placing him among the genre's elite. A longtime favorite for its bold originality, unrelenting creepiness, supernatural shocks, and otherworldly surprises that would have made H. P. Lovecraft proud, Masterton's classic continues to stand tall alongside Stephen King's *Carrie*, Peter Straub's *Ghost Story*, and other unforgettable literary horror debuts.
