Highly recommended reading!Von Detra FitchSomeone has brought the game "PLAY-SURVIVE-WIN" into the real world. Three people are involved during a game. One is assigned as "Target", one as "Protector", and one as "Assassin". The

Protector's job is to be the bodyguard of the Target. They work together in solving clues that will lead them, ultimately, to a code. During this time, the Assassin is after them. If the Target finds the code and enters it online before he is terminated, he wins a HUGE cash award. But if the Target is killed, the Assassin gets the money. Jennifer Martin is currently a singing waitress in Manhattan. But her dream is to make it to Broadway. She has no time for PC games these days; however, she did make a PSW online account years ago. Jennifer had not given the game another thought until last year, when her roommate became an unwilling Target role player. So imagine Jennifer's surprise to get a PSW email informing her that she has been cast in the role of Protector. Jennifer must now play the game out or die. Devlin Brady was the FBI agent who assisted Jen's roommate during her PSW nightmare. His badge is suspended until he is cleared of charges against killing his partner last year. He has spent the last year dealing with his guilty conscience. When Devlin receives word that he has been cast as the Target in PSW reality game version, he could care less. He would probably have sat there and waited for the killer to put him out of his misery. But his bodyguard, Jen, would not let him. If he did not play the game, SHE would die the next day. Well dang! His cop instincts just could not let that happen. He is forced to play the game. Birdie received her email only a few days before she was due to be released from prison. Devlin was the main person in the group that hunted her down five years ago and sent her to jail. She is MORE than thrilled to be cast in the role of Assassin. She gets to kill Devlin and become a multi-millionaire. What could be better?\*\*\*\*\* This time the stakes are just as high as they were in the previous book, "The Givenchy Code", and just as exciting. I found myself hooked immediately and did not stop reading until it was finished. (Okay, I admit it. I took one BRIEF break to hit the restroom and make a sandwich.) Author Julie Kenner's pen must have been smoking as she wrote this suspense filled novel. Fast paced, a bit of romance, and lots of tension! If you enjoyed John Grisham's Pelican Brief, then you are going to drool over this book. HIGHLY RECOMMENDED! \*\*\*\*\*Reviewed by Detra Fitch of Huntress Reviews.0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannung, Witz und eine berzeugende Liebesgeschichte Von LoveLetter Magazin PSW steht fr Play Survive Win, ein Computerspiel, das auf mysterise Weise aus dem Rechner in die Realitt gelangt ist. Drei Spieler Target, Protector und Assassin spielen um Leben und Tod und eine Menge Geld. Protector und Target mssen hierbei solange Rtsel knacken, bis sie die endgltige Lsung finden, die das Spiel beendet und ihnen den Gewinn sichert. Gleichzeitig versucht sie der Assassin eben hiervon abzuhalten, und Mord ist dabei nicht ausgeschlossen. Diejenigen, die den Givenchy Code von Julie Kenner gelesen haben, werden das Computerspiel und die Charaktere der Manolo Matrix bereits kennen. Denn diesmal mssen Jennifer, Kellnerin und angehender Musicalstar, und Devlin, ein suspendierter FBI Agent, die kniffligen Rtsel lsen. Beide kennen PSW nur zu gut, da im Givenchy Code Jennifers ehemalige Mitbewohnerin Melanie die Hauptfigur dieses perfiden Computerspiels war. Julie Kenner hat es auch hier wieder geschafft, Spannung, Witz und eine berzeugende Liebesgeschichte zu einem harmonischen und einem vergnglich lesbaren Roman zu verbinden. Glcklicherweise muss man den ersten Teil der Trilogie jedoch nicht gelesen haben, um The Manolo Matrix zu verstehen. Wer jedoch mit dem zweiten Teil beginnt, wird wohl am Ende des Buches das dringende Bedrfnis verspren, auch den Givenchy Code zu lesen.

Kurzbeschreibung USA Today bestselling author of The Givenchy Code Julie Kenner reloads for her second novel of high-heeled thrills as another woman gets pulled into a mysterious world of extreme gaming where she must play or die. Aspiring actress Jennifer Crane knows all about games -- the games girls play to get a guy; the games actresses play to land a part; and the good old game of credit-card roulette. (How else is a girl supposed to afford her shoes?) But she never expected to be playing a game with life-or-death consequences. Unable to successfully score an acting gig, she has, instead, been cast in the role of reluctant bodyguard to a real-life assassin's target -- a dashing FBI agent of all people! -- and must embark with him upon a scavenger hunt across Manhattan in search of the ultimate prize: survival. Before this, Jenn's definition of fighting dirty has been elbowing her way to the front of the line at a Manolo sample sale. Now, if she wants to stay alive, she's going to have to learn a few new uses for her stilettos. . . and they ain't pretty. Fast, flirty, and full of great footwear, The Manolo Matrix is another electrifying adventure in this breakout series for fashionistas who love a perfectly appointed mystery.
