submission doesn't mean weakness  
Von Kundenrezensionen  
A wonderful novel about a couple of Alphas who fall in love without knowing their equal status. But Fate brings the two together again and they have to struggle again together to understand, that submission doesn't mean you can't be an alpha. A very interesting couple and constellation! Thank you Kim Dare!

Kurzbeschreibung  
Book one in the Pack Discipline Series  
Dominance and submission mean different things to werewolves than to humans. Once Marsdon and Bennett try things the human way nothing can ever be the same for them again. Werewolf tradition is very clear. The alpha pair is the corner stone of the pack. Equality between the alphas is everything. Alphas mate with alphas. Human leather clubs work to different rules. Dominants mate with submissives. Power is exchanged freely and for the ultimate pleasure of all. Sometimes the most alpha men in the club find happiness with the most omega men. And sometimes the omegas are more than they first appear to be. A wolf might be able to hide his identity and play anonymously in those clubs for a little while, but he can't ignore reality forever. Marsdon and Bennett have lives to get back to, they have packs to return to...they have wolfen traditions to follow. They have just one more night together before they have to lose each other forever. All they can do now, is make the most of it.
