KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not the best of the series but entertainingVon Avid ReaderI own all the previous volumes, and eagerly opened this one when it

arrived. But - to my dismay - the first twenty pages or so were missing in the book! How is that possible in a traditionally published novel? Fortunately I also have a Kindle and read the sample there, which covered the missing pages. If I was not as enthralled with this volume as some of the previous ones, it was the hero who did not entirely convince me, and the family's horrible backstory was a bit disturbing and darkened the mood. I liked the brash heroine, though.
