Pregnancy required?Von Ein KundeCarissa Day finally comes back to Carramer, pregnant and abandoned by the father of the baby. She wants to set up her own BB when she meets her teenage crush Eduard de Marigny.He just wanted to relax for a few days when he is faced with Carissa. He always cared for her but she was so young and now he feels that he has no right to woo her because he cannot father any children.I liked the story and it is well written but

sometimes it could have been a bit more exciting. I gave it four stars because at some points I did cry.

Kurzbeschreibung Back in her lush, beloved Carramer, Carissa Day purchased the perfect B and B for raising her babies-to-be. Trouble was, an aristocratic "intruder" proved she'd been swindled her new home was actually his royal lodge. Worse, he proved to be Carissa's teenage crush, Eduard de Marigny, Marquis of Merris and now more irresistible than ever. Penniless and pregnant with triplets! Carissa had to flee. Eduard, however, had other ideas. Namely, a partnership giving Carissa a title and protection and giving him an instant heir. Still, even with reignited passion burning between them, even with a kingdom at her feet, could Carissa wed her first and only love and forever forsake having his heart?
