**Von Helen Brooks : The Marriage Solution** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Marriage Solution:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Love at First SightVon geelees@yahoo.comI have to hand it to Helen Brooks, she has created a story that is not only an attention getter but one that involves characters that the reader deeply cares about! Carlton's quick temper and Katie's naive but untrusting feelings add wonderfull spice to the story. Although this is one of many "Marry Me and All Your Problems are Solved" books, this one has a certain flair, that keeps one reading from begining to end with out so much as a bathroom break in between! It's easy to place yourself in either Carlton's or Katie's frame of mind, although it is down right frustrating how pig headed some can be when it comes to love. Best ending to a book Ive ever come

across, leaves one feeling giddy and refreshed. A recommended read for all!!!

Kurzbeschreibung  
Blackmail bride!  
Carlton Reef wanted a bride and Katie needed the money! His proposal was outrageous, but simple. He would pay her family's debts if Katie would agree to become his wife. But what possible reason could this ruthless, sexy bachelor have for wanting sweet, gentle Katie? She didn't trust him yet she had no choice. Marriage was the only solution. But did Carlton intend to be a husband in name only, or did he expect Katie to honor their wedding bargain by sharing his bed?
