Von Jean Johnson : The Master: A Novel of the Sons of Destiny before purchasing it in order to gage whether or not it would be worth my time, and all praised The Master: A Novel of the Sons of Destiny:

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Der 3. BruderVon S.D. vom Blog esdehInsgesamt umfasst die Reihe der "Sons of Destiny" acht Bcher.Die Reihenfolge

lautet: The Sword (dt.: Die Shne der Insel) The Wolf (dt.: Der Kuss des Wolfes) The Master The Song The Cat The Storm The Flame The Mage Leider wurden nur die beiden ersten Bnde ins Deutsche bersetzt und weitere bersetzen sind nicht geplant. Ich habe mich daher nun doch entschlossen, die Reihe auf Englisch weiter zu lesen. Hierfr ist gutes Schulenglisch erforderlich. The Third of Sons shall meet his match: Strong of will and strong of mind You seek she who is your kind Set your trap and be your fate When Lady is the Master's mate Dies ist die Prophezeiung fr Dominor, den dritten Bruder der Familie Corvis, dem das Buch "The Master" gewidmet ist. Nachdem Dominor zum Ende des ersten Buchs gekidnappt wurde, wird hier nun seine Geschichte weiter erzht. Er landet auf einem fernen Kontinent, auf dem mnliche Magier sehr selten sind. Dort wird er als Sklave von der schnen Lady Serina gekauft, die seine Hilfe fr ein magisches Ritual bentigt. Doch natrlich hat das Schicksal noch anderes vorgesehen ... Mir hat auch dieses Buch der Reihe sehr gut gefallen. Die erotischen Szenen sind nicht zu aufdringlich und auch einige der fantastischen Elemente konnten mich berraschen. Leider sind die Buchcover der Reihe in englischer Sprache ausgesprochen hsslich, so dass man sich kaum traut dieses Buch in der ffentlichkeit auszupacken. Ich empfehle hierfr einen neutralen Buchumschlag.

Fate and prophecy Von Helen Hancox This book is the third in a series about eight brothers, four sets of twins, whose destiny is given in a piece of prophecy - the destiny being the brother finding his soulmate. However at the start of this story, the unfortunately-named Dominor seems miles away from finding anyone. Kidnapped from his home island of Nightfall and taken captive by slavers, Dominor is horrified to find himself up for sale in a market in a land far away. The bidding war that breaks out between two women shows him that his future is unlikely to include freedom, especially as the price paid for him is enormous. Lady Serina has been working for years to try to reverse a curse on the people of Natallia which means that only daughters inherit magical talents, that male children don't become mages, and consequently there is imbalance within the culture. Serina's scrying shows her that the curse was triggered accidentally by two powerful mages having sex in the Font or magical fountain that she guards. Her calculations suggest that if another magical couple copy the ritual but change it at the end, the curse can be lifted. But of course there aren't any male mages in Natallia because of the curse created hundreds of years ago. So when Serina discovers Dominor in the marketplace he is clearly a gift from the gods and should be the means by which she can break the curse. Of course she has to buy him first and then persuade him to help her. But will he help her when he finds out what he has to do - to father a child with her in the Font. Serina decides to keep back some information from him when she finds out he doesn't want children. But there may be more between them than just the chance to break the Natallian curse and things might not go entirely according to Serina's plan. The beginning of this book was very good with Dominor's experiences as a captive, his introduction to Serina and the scenes where he and Serina try to get a measure of each other. However the second half of the book really dragged where Serina spent the whole time doing calculations on slates and Dominor didn't do a great deal except train the son of Serina's friend in swordplay, tell people he didn't want children - oh, and sleep with Serina. Even the end of the book was predictable and there was almost no suspense involved in wondering whether Serina and Dominor would 'make up'. The Big Misunderstanding plot device here, about whether Dominor wanted children, just didn't work. The worldbuilding of the magical lands was interesting but not particularly deep. The mages seem to be able to do just about anything which sometimes makes for lazy plotting. I was rather disappointed that the promise of the beginning of the book, with its considerations of the role of women in society and of slavery, was not fulfilled by the rest of the story which turned into a rather charm-less series of sexual encounters with Serina's ever-present slate and chalk to mark each event. This was reasonable enough holiday reading but it lacked the depth and characterisation which were possibilities with the writing at the start of the story. Originally published for Curled Up With A Good Book, [...] Helen Hancox 2007

Kurzbeschreibung The third novel in the acclaimed Sons of Destiny series. Eight brothers, born in four sets of twins, two years apart to the day they fulfill the curse of eight prophecy. To avoid tempting destiny, the brothers are exiled to Nightfall Island, where women are forbidden. But when the third-born brother is taken by a powerful and beautiful mage, he wonders if she is the Prophesied Disaster, his foretold wife-to-be. Kidnapped and taken captive by slavers, Dominor is sold to a lovely mage, who promises freedom. But Lady Serina has plans for him to re-enact a mating ritual, to help reverse a Tantric spell cast centuries ago. Agreeing to help, Dominor doesn't suspect the secret she holds because there is more to this magical mating than she has revealed. Once the ritual is complete, he will be returned to Nightfall. But when that secret finally shatters, baring the truth behind the misunderstandings now separating them, Dominor is determined to retake possession of the woman who is his Destiny. From Booklist Kidnapped and put on the auction block, Dominor is sold to Lady Serina, arithmancer extraordinaire. Initially outraged, he is soon curious as she explains that she needs him not as a slave but as an assistant. An inadvertent spell cast hundreds of years ago is the root of the battle between the sexes and the war that is ravaging her world. She has

found a way to reverse the spell, but she needs a strong male mage to help. Dom has yet to back down from a challenge, and he finds the lady to be as pleasantly challenging as the task itself. Johnson turns up the heat in her third outing in the Sons of Destiny series (*The Sword, The Wolf*, 2007) as Dom and Serina not only engage in their own battle of wills but also relish practicing the tantric skills needed to cast their spell. Johnson's quirky, modern-touch sense of humor is a keynote in her historical fantasy, and the series grows more intriguing as each brother fulfills his part of the prophecy. Davis, Nina C. *Pressestimmen* "Jean Johnson's writing is fabulously fresh, thoroughly romantic, and wildly entertaining." -- Jayne Ann Krentz
