Von Mary Kirchoff : The Medusa Plague: Defenders of Magic, Book 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Medusa Plague: Defenders of Magic, Book 2:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mary

Kirchoff delivers another great book Von Ein Kunde When I read The Night of the Eye, I thought night of an eye how dull!! Then I sat down and read it and it was GREAT!!! And now Mary Kirchoff has outdone herself again with the Medusa Plague. This was one of the best books I've ever read! It clearly showed how the twisted mind of Lyim Ristahd(?) became so twisted. I've read all 3 books and this is still my favorite. The interesting thing was reading and seeing Guerrands dream and wandering so what?! Who care about his dream what does it have to do with anything? For those of you who almost put down the book when you saw that...DON'T!!! just read it and then read the third book and as a great sage once said (I think) All will become clear to one who is persistent. (May be I said that...Oh well...) Keep reading and don't be discouraged(?).0 von 0 Kunden fanden die folgende Rezension hilfreich. This book was well written Von Ein Kunde Being somewhat a devoted fan of Dragon Lance books. I picked up this book because several people recommend the book in the review section. Who says these reviews are pointless. I thought that this was a great continuation of the Night of the Eye. I of course enjoyed reading Night of the Eye as well. Kirchoff has a good writing style and can really develop the characters well. I really felt pity for Lyim's in his desperate search for a cure to his enchanted arm. I could also understand Guerrand's struggle between loyalty to his friend vs loyalty to the Art. I really enjoyed the plot and the excitement and would really recommend this book to anyone who loves the Dragon Lance series.0 von 0 Kunden fanden die folgende Rezension hilfreich. one of the best dragonlance books I've read Von Ein Kunde This one book as well as the rest of the trilogy was one of the best trilogies I've ever read. It was in was my second favorite only outdone by the Legends trilogy. I've read over 50 dragonlance books in the past three years and this book as well as the rest of the trilogy is a must for those who wish to know more about magic in the world of Krynn. It also gives you more insight into the life of mage, and information on the citadel( for those of you who know what the citadel is). And also much more information about dimensional traveling in the world of Krynn.

Kurzbeschreibung The name Guerrand DiThon has been cursed by his family since the day he disappeared. When a mysterious plague strikes their beleaguered village, Guerrand's name is invoked again -- as the cause of the disaster. Bram DiThon, Guerrand's nephew, is more like his uncle than the family would care to admit. A skilled herbalist, Bram has unknowingly turned his skills toward magic. It is to Bram the villagers turn when the plague changes their eyes to onyx, their limbs to snakes, and their flesh to stone. Unable to stop the unexplainable deaths, Bram sets out to find his missing uncle. He learns that Guerrand is the High Defender of Bastion, the last stronghold before the Lost Citadel. But in finding him, Bram has unwittingly given an evil mage -- once Guerrand's friend, now his archenemy -- the key to destroy the three orders of sorcery. The Medusa Plague is the second in the Defenders of Magic Trilogy, a series by Dragonlance saga author Mary Kirchoff that will explore for the first time many of the secrets of sorcery in the world of Krynn.
