Von Rowan Coleman : The Memory Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Memory Book:

Kurzbeschreibung When time is running out, every moment is precious When Claire starts to write her Memory Book, she already knows that this scrapbook of mementoes will soon be all her daughters and husband have of her. But how can she hold onto the past when her future is slipping through her fingers...? A Sunday Times bestseller and Richard Judy Autumn Book Club pick, *The Memory Book* is a critically acclaimed, beautiful novel of mothers and daughters, and what we will do for love. Pressestimmen "Painfully real and utterly heartbreaking, every page will leave you an emotional wreck but, ultimately, this is a wonderfully uplifting novel about mothers and daughters" (Lisa Jewell) "This book is hugely loving, devastatingly sad, and yet oddly hopeful. Its suffused with the care and love families can feel for each other when they are facing the worst tragedy. Claire's fate is irreversible, her disease is terminal. Yet the surprise twist at the end is joyous." (Richard Madeley Richard and Judy Book Club) "[a] tender, inspirational book" (Judy Finnigan Richard and Judy Book Club) "wonderful a beautiful book, very moving" (Marian Keyes) "I can't tell you how much I loved this book. It did make me cry but it also made me laugh. Like *Me Before You* by Jojo Moyes, I couldn't put it down. A tender testament to maternal love." (Katie Fforde) Werbetext A warm, heartfelt tale of love and loss, perfect for fans of Jojo Moyes' *Me Before You*, from the author of *Just For Christmas*
