Von Faye Kellerman : The Mercedes Coffin: A Decker/Lazarus Novel (Peter Decker and Rina Lazarus Series Book 17) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Mercedes Coffin: A Decker/Lazarus Novel (Peter Decker and Rina Lazarus Series Book 17) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Double M.O. Triggers a Cold Case InvestigationVon Donald MitchellWhen the police see a crime that's unusual, they check their records to see if there are any other similar crimes. When the details match, they often find that the same person was responsible. Career criminals frequently repeat themselves. What's rare, however, is when 15 years separate the two incidents. What does it mean then?That's the question that Lieutenant Peter Decker faces when the LAPD is offered a large reward for finding the murderer of a well-beloved teacher, Bennett Little (Dr. Ben to many of his students), that occurred 15 years earlier. To make matters a little simpler (or more complicated?), Decker's daughter caught the squeal on the second murder.From there, the book settles down into a slow-moving police procedural where you have to keep track of all the connections among the various people to make sense of the mystery. Even then, the results may seem a bit speculative until just near the end.Normally, I like the slow unpeeling of the onion in a police procedural, but this one just didn't do it for me. Several parts of the story didn't ring true, even after thinking about them for a few days after I read the book. The characters who were introduced just for this story didn't always ring true to me either.If you don't want to take a chance on this book, there's nothing of series significance that happens. So you have the option to skip this one, even if you are a dyed-in-the-wool Faye Kellerman fan.This book also goes under the title of Cold Case.2 von 2 Kunden fanden die folgende Rezension hilfreich. This is the same content as "Cold Case"Von KundenrezensionenI don't quite understand why the same novel is published this year under two titles, but it is - as you can see in the other review quite a good one ;-)

KurzbeschreibungBillionaire Genoa Greeves believes the LAPD should finally solve the fifteen-year-old execution-style murder of her favorite teacher, Bennett Littleespecially now that Hollywood music producer Primo Ekerling has been slain in an eerily similar manner: shot and stuffed into the trunk of his Mercedes-Benz.Lieutenant Peter Decker resents having to commit valuable manpower to a cold case simply because a rich woman says, "Jump!" But when a primary investigator in the Little case, now retired, suspiciously commits suicide hours after he and Decker talk, the detective realizes something evil's connecting the dots in two murders separated by a decade and a half. Wife Rina Lazarus offers a cool, rational outlook, as always, despite her growing concern for her husband's welfareas past and present collide with a vengeance, catapulting Decker ever closer to the edge of an infinite dark abyss.
