Von Donna Fasano : The Merry-Go-Round (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Merry-Go-Round (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Great light-hearted readVon Mystery Readerloved this book, a romance through and through with a touch of humour adding to the enjoyment pot!Lauren is a girl who think she knows her own mind but soon realises she doesn't. She's too wrapped up in her career to see that those around her need her attention.Great characterisation throughout, loved the romance behind the merry-go-round element too.Highly recommended from an author who makes the reader care

about the characters.

KurzbeschreibungWhen Lauren divorces her husband, she has one thought on her mind...stepping off the merry-go-round. However, her life quickly turns into a three-ring circus: her hypochondriac father moves in, her ex is using her shower when shes not home, and her perky assistant is pushing her out into the fearsome dating world. She also has to decide if the dilapidated barn and vintage merry-go-round she was awarded in the divorce settlement is a blessing or a bane. As if Laurens personal life isnt chaotic enough, this slightly jaded attorney is overrun with a cast of quirky characters who cant stay on the right side of the law. Whats a woman to do? She can allow life to spin her in circles forever. Or she can reach out and grab the brass ring.
About the authorDonna Fasano is an award-winning, best-selling author whose books have sold over 3.5 million copies worldwide. . . .complex, funny, and realistic. . . ~Wilmington News Journal Book The Merry-Go-Round is an utterly charming romantic comedy that pulled me in right from the start. Award-winning author Donna Fasano skillfully weaves a story consisting of funny, imperfect characters, love lost and found, sexual attraction, and an old merry-go-round. Told with humor and honesty, this novel is an entertaining and satisfying read. I highly recommend it! ~ Karen McQuestion, author of A Scattered Life

ber den Autor und weitere MitwirkendeGrowing up the third child of five-yes, smack dab in the middle and the only girl to boot-Donna Fasano had no idea she would one day be a published author. Her story-telling talents came to light when she conjured lively and elaborate tales of pure blarney (yes, she has a bit of Irish in her blood) for, first, her youngest brother, and years later, her children. Donna sold her first manuscript in 1989, and since then has become a bestselling, award-winning author of over thirty novels and four audio books. She writes under her own name as well as under the pen name, Donna Clayton, and is known for her "smooth, polished" writing style and for creating "strong, complex" characters. ers have described her stories as "poignant," "richly textured," "enticing," and "absorbing." The writing process can be extremely engrossing for Donna, so much so that she's missed appointments with dentists and doctors, lunches with friends and family, and once she even forgot her carpool run. Luckily, the people in her life make allowances for this quirk. Still happily married to her high school sweetheart, she is the mother of two grown sons who have flown the coop. She and her husband share their home with Jake, a black and white, couch-potato border collie, and Roo, a spotted red and cream Australian cattle dog that looks (and acts) like a wild dingo. Donna's spare time is spent reading, walking the countryside and beach, or trying out new recipes from one of the many cookbooks she has collected over the years. Oh, and one night a week she and her hubby nab some alone time from their busy schedules, enjoying a nice glass of wine and a video-preferably a romantic comedy.
