Von Patricia Harman : The Midwife of Hope River: A Novel of an American Midwife before purchasing it in order to gage whether or not it would be worth my time, and all praised The Midwife of Hope River: A Novel of an American Midwife:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Wonderful read !Von fragmentageI picked this up as a Kindle deal and couldn't put it down! The author manages to tell a captivating (though sometimes slightly predictable) story set during the depression that reminded me of The Help

(which I loved) while weaving in intriguing episodes right out of the midwife's practice. I wasn't surprised to read in the appendix that the author's an experienced midwife herself: Her birth scenes are described in high professional detail but at the same time never bored me. All in all a great debut novel!

Von linda mueller
The descriptions of the miracle of child-birth are fascinating and moving. The narrative flows along colorfully and rich. I was sorry for it to end. This is a book to be read again!

Von Tinia
very well written and catching story with many brilliant details
could't put it down until then end (which is a bit abrupt - the only thing to criticize!

Kurzbeschreibung
A remarkable new voice in American fiction enchants readers with a moving and uplifting novel that celebrates the miracle of life. In *The Midwife of Hope River*, first-time novelist Patricia Harmon transports us to poverty stricken Appalachia during the Great Depression years of the 1930s and introduces us to a truly unforgettable heroine. Patience Murphy, a midwife struggling against disease, poverty, and prejudice and her own haunting past is a strong and endearing character that fans of the books of Ami McKay and Diane Chamberlain will take into their hearts, as she courageously attempts to bring new light, and life, into an otherwise cruel world.
Pressestimmen
From start to satisfying conclusion, it is a beautifully imagined novel, a marvel of a debut, rich with fully realized characters and events. This is one I'll read again, more slowly next time. * Johanna Moran, author of *The Wives of Henry Oades*
* *The Midwife of Hope River* is a rich and deeply moving book that will pleasantly linger in your thoughts long after you've finished reading it. Patricia Harman has created such a striking and original heroine that pregnant women everywhere will be wanting Patience Murphy to deliver their babies. * Theresa Brown, author of *Critical Care: A New Nurse Faces Death, Life and Everything in Between*, and *New York Times* Opinion Columnist * I learned, I laughed, I cried, but most of all I was deeply impressed by the artistry of the midwife and her central role in women's lives prior to the advent of commercialized, institutionalized medicine. This novel will live in my heart for years to come. * Amy Hill Hearth, author of *Miss Dreamsville* and *the Collier County Women's Literary Society: A Novel*
