I WOULD GIVE THIS BOOK 10 STARS IF I COULD!!Von Ein KundeI have been a fan of Miranda Lee's for the past 2 years. I have collected as much of her work as I can. She writes beautifully. Her characters are smart, intense, complex and very sensual. She writes about things that are very real in the world today. I love her style of writing. Don't let the synopsis on the back of the book fool you this is not a story of a man that takes advantage of a young women caught in a vulnerable position. This is a story of to adults that overcome many obstacles to find true

love. The characters are smart and they respect each other, as the author always respects the reader.0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful romanceVon Ein KundeThis book was awesome. I really enjoyed it. It had an interesting plot and facinating characters.
