Von Agatha Christie : The Mirror Crackd From Side to Side (Miss Marple) (Miss Marple Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Mirror Crackd From Side to Side (Miss Marple) (Miss Marple Series):

KundenrezensionenHilfreichste Kundenrezensionen3 von 4 Kunden fanden die folgende Rezension hilfreich. A

PLEASANT MYSTERY Von Ein Kunde This Christie mystery is really more simple and pleasant than some. The motive to the murder was legitimate and you feel almost sympathy with the murderer. The conclusion is summed up in a few words--nothing too complicated like One, Two, Buckle My Shoe or others. And you needn't feel confused or tied up in a tangle of evidence and clues--those are few and far between. If you are a fan of the sinister or like your mysteries dark and complicated, this simply isn't your cup of tea. I have to admit, although I don't always like the simple, pleasant mysteries, that Christie knew what she was doing. Can you see Miss Marple chasing after a serial killer across continents wielding an assault rifle and going down in hand-to-hand combat? No, never. So Christie was wise and keeps her characters in their natural habitats doing realistic things. That way she knew her mysteries and her detectives would receive respect and credulity--quite important for the success of her books. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Good one Von Harriet Hasenclever I enjoyed it . I don't see the need to say more. It's a classic mystery. That's that. No more. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Another very enjoyable book by Mrs Christie Von Ein Kunde This book is extremely readable, and, while the case itself is not one of Agatha Christie's most complex, the denouement is definitely a shock and Miss Marple is delightful all the way through. The characters in this novel are not typical of the Miss Marple books: Marina Gregg, a famous film actress, is the most luminous character, hardly a likely addition to St Mary Mead. This novel can also be seen as an interesting social document, for we are informed of all the changes to which the village has been subjected in the 1960s, including "the development". However, the Marple atmosphere is retained almost intact, and the novel does not disappoint. The ending is interesting and unusual, too, though the reader would not be advised to attempt to work it out for himself, as clues are not in abundance. Not quite classic Christie, though as enjoyable as always.

Kurzbeschreibung Agatha Christie's audacious murder mystery, reissued with a striking cover designed to appeal to the latest generation of Agatha Christie fans and book lovers. One minute, silly Heather Badcock had been gabbling on at her movie idol, the glamorous Marina Gregg. The next, Heather suffered a massive seizure. But for whom was the deadly poison really intended? Marina's frozen expression suggested she had witnessed something horrific. But, while others searched for material evidence, Jane Marple conducted a very different investigation into human nature.
