creatures. Hierber I would have preferred to have Zeros return available. A spin-offVon Helmut HenschelInteresting idea and fun to read. Normally I don't like it very much when a successful series then is milked for petty side stories, but the Moldy Dead is a well rounded story in its own right.

KurzbeschreibungThe Moldy Dead is one of the powerful and poignant "Creation Myth" stories for Sara King's overwhelmingly popular Legend of ZERO series. It is the history of Congress' First Contact with the sentient species known as the Geuji, and the unspeakable tragedy that befell their entire species in the early history of Congress. It's a SHORT story, approx 8,000 words, and is touted by many to be one of King's best short works. A must-read for fans of the ZERO series!KurzbeschreibungThe Moldy Dead is one of the powerful and poignant "Creation Myth" stories for Sara King's overwhelmingly popular Legend of ZERO series.
