Von Arthur Hailey : The Moneychangers (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Moneychangers (English Edition):

Kurzbeschreibung Arthur Haileys #1 New York Times bestselling novel takes readers behind the bronze doors of a major American bank and into the secret world of big money Ben Roselli, president of First Mercantile American Bank and grandson of the founder, makes the shocking announcement that he is dying. With no offspring to inherit the company, Roselli knows that executive VPs Roscoe Heyward and Alex Vandervoort are the obvious candidates to succeed him. Heyward, who has been with First Mercantile for two decades, will do whatever it takes to bring in new clients and win the coveted presidency. Vandervoort, a newcomer from the Federal Reserve with a left-wing girlfriend, advocates for a socially responsible plan of growth. And now the discovery of counterfeit cash and credit card fraud threatens the future of the bank itself. From the day-to-day business dealings to the inner sanctums of the money trading center and the boardroom, Haileys novel is a riveting tale of ambition, greed, and the US banking system.
