Von Alyssa Cooper : The Motel Room: A Ghost Story (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Motel Room: A Ghost Story (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A different ghost storyVon Karen O.This book is a short new interpretation of a classic ghost story. In The Motel Room, the ghost is the protagonist. He has to deal with changing hotel guests, the maid, and occasionally with a guest he knows well. The reader learns how he copes with his life in isolation.This is a book to read again.

KurzbeschreibungIts a strange feeling, to be dead.So begins the tale of our Narrator, a ghost clinging desperately to the memory of life.Since his death, the ghost has been trapped in a motel room, watching the comings and goings of his nightly guests. The strangers never stay more than a night or two, and they never seem to notice him no more than he

notices them. Wrapped in fading memories of the time he was alive, he drifts through time, waiting for the return of the one person he can still see clearly. But as time stretches out before him, his frustration begins to build, boiling over into violent anger. When a young couple dares to rent his room for the night, igniting his rage, the ghost finally discovers the true power behind his ghostly form. Kurzbeschreibung Its a strange feeling, to be dead.
