enjoyable, sexy story

I really enjoyed this book. Unlike many other erotic novels, this actually had a plot, with characters that you come to care about what happens to them. (and the sex scenes are fun too!) I highly recommend this book.  
Callie and Logan have been married for 3 years, and Callie is unhappy with the emotional coldness of their relationship. After trying to reach her distant husband, she leaves him and embarks on a voyage of discovery. At first Logan is angry that his wife is out of his control, but then he discovers that being out of control can be pretty enjoyable!

Von K. Hewitt  
The Naked Truth is a good example of erotic romance. It's basically a story about a marriage in which the couple forgets the reasons why they married each other and have to find their way back home so to speak. Along the way they find out just what turns each other on and the depth of their love. In her usual evocative style, Rostova takes an ordinary situation with an ordinary couple and makes us care about them, while inciting our libido.

Von Ein Kunde  
A sizzling tale of lust and delicious perversion set amidst the moss-draped oaks and genteel institutions of Savannah. Vividly drawn characters, taut conflicts and scorching sex make this well-worth the purchase price. The voodoo scenes are particularly well-done and add an extra layer of mystery and heat to this fast-paced tale of...did I mention lust and perversion!

Kurzbeschreibung  
Callie's marriage to Logan Waterford - one of the Savannah's wealthiest citizens - has left her feeling confined and unfulfilled. Logan is too cold, too remote, and too repressed. One day she leaves him, then hides out at her sister's place, determined to change her life and explore her sexual and spiritual side.  
But Logan's too proud to accept the situation. He's determined to get her back, and hires a private detective. While Callie is becoming immersed in the wild southern sensuality of voodoo practices, the secrets Logan is about to reveal are darker and more strangely erotic than anything Callie's prepared for.
