GREAT LOVE STORYVon Pamela FoleyDisgusted with her life as a life-sucking succubus, Sarahi chooses not to be the demon her mother, Lilith, meant her to be. Wandering around the streets of ancient Rome, hungry, needing to feed, she heads for the Temple of Venus. There, she encounters the celibate Naphilim called Lucien. Thus starts the spark of

love that spans centuries before being consummated. And from their union starts the war between dark and light. This is a poignant tale of old love, young love and lost love. Choices made and ramifications of those choices. That no matter who you are or what other people think of you, you can change your life. You do not have to follow the path that others want you to take. I really liked the relationship between Sahari and Lucien, that even though she was a succubus, he always treated her as a princess and a lady. Never having doubts in her or giving up on her. Simone Beaudelaire does a great job bringing the characters to life, and the dynamics of the different lifestyles from Liliths hellish domain to the trailer house in the Mojave Desert. During the fight scenes, you feel like you're right there with them, swinging your blade or sword. This is actually a story I wanted to go on a little longer. I really wanted to see more of Annie and Josiah's relationship after the dust settled. Love the steam, hot book cover. I highly recommend this book. It should have merited 5 feathers, but there are just too many proofreading errors. So I give it 4 feathers. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Who will win? Von 1D82 Many I really enjoyed this story of love between forbidden races. There was just enough of everything. Sex, passion, angst, temptation, violence, mystery, forgiveness. The love between Lucian and Sarahi is beautifully written, but I liked the relationship between Josiah and his best friend Annie even more. There was some really deep teenage angst going on while undersized Josiah coped with being bullied and ridiculed relentlessly. The children's character's were well described and expanded upon as they grew up and made for riveting reading. I also liked the exploration of the role of an Angel and the misunderstandings and strict values of the Elders that could only be resolved by breaking their most sacred rules. In the end it's all about choices. Good or bad, right or wrong. The battle scene to discover who will win the fight for survival is brilliantly done and a young man's decision to exact revenge or to do the right thing has you on the edge of your seat right to the final swish of the sword. Highly recommend!

Kurzbeschreibung When an angel loves a demon, will it be the romance of the ages... or the end of the world? Succubus Sarahi's existence is a misery. Feeding on men's lust to benefit her demon mother leaves her weary and sad. Until the day she meets Lucien, a half-angel warrior sworn to protect humanity from her kind... and also sworn to celibacy. Can the two natural enemies find together what they never dared seek, or will the long-foretold war between angels and demons spark from their forbidden union?
