Von Gardner Dozois, Jonathan Strahan : The New Space Opera before purchasing it in order to gage whether or not it would be worth my time, and all praised The New Space Opera:

Very good anthology!Von CustomerOnly recently did I start reading SF short story anthologies but I acquired the taste quickly. Reading Space Opera short stories turned out to be a little less easy-going due to the large number of ideas and terms usually used in these stories. Nonetheless, once you get the hang of the story you won't put the book away.The stories in this anthology show you colorful worlds inhabited by post-human societies with their own

problems and pastimes, as well as deserted earths, humanity scattered around the stars as slaves, and the relentlessness of interstellar war. All in all: a collection of contemporary sf's finest writers, both well known and rising stars in the genre.

Pressestimmen Dynamic and exciting, THE NEW SPACE OPERA is...an essential roadmap to the cutting edge of SF today... (Charles Stross) One of the best anthologies ever assembled by this most prolific of science fiction editors.... (Joe Haldeman) Highly recommended! (Greg Bear)...Dozois and Strahan bring together some of the finest writers in the field... (Vernor Vinge) This anthology is a reminder of why science fiction captured the hearts and minds of generations of generations of readers. (Orson Scott Card) In sheer breathtaking, mind-expanding scope, this collection ... delivers hours of exhilarating reading. (Booklist)
