Amanda kein Unfall gewesen sein kann. Im Polizeibericht stand, sie wre betrunken gefahren und htte die Kontrolle ber ihren Wagen verloren. Doch Amanda war seit 6 Monaten clean und hatte regelmig die Meetings der Anonymen Alkoholiker besucht. So sucht Pierce Rainie Conner auf. Rainie ist ein Ex-Cop die noch immer von ihrer Vergangenheit verfolgt wird. In ihrer Arbeit war sie immer berdurchschnittlich gut, und da sie jetzt selbstndig ist, beauftragt Pierce sie herauszufinden, was die wahre Todesursache von Amanda war. Rainie ist erstaunt Pierce wieder zusehen, schlielich war er vor einigen Monaten einfach aus ihrem Leben verschwunden. Aber vielleicht wrde dieser Fall ihnen helfen, sich wieder nher zu kommen. Bald findet Rainie heraus, das es ein Psychopath es auf Pierce abgesehen hat. Er versucht fr etwas Rache zu nehmen und um dem FBI Profiler wirklich weh zu tun, hat er vor die ganze Familie auszulschen. Pierce soll leiden und erst als letzter sterben. Der Unbekannte scheint ihnen immer einen Schritt voraus zu sein und anscheinend wurde seine Rache von langer Hand geplant. Kann Pierce seine zweite Tochter schtzen? Denn wie es aussieht ist sie sein nchstes Opfer. Ich habe schon lange nicht mehr einen so spannenden Roman ge"hrt"! Bis zum Schluss wusste ich nicht wer der Tter ist. Atemberaubende Spannung, ein super-bser Bsewicht und ein Kampf gegen die Zeit. "The Next Accident" ist allerdings nichts fr schwache Nerven und garantiert keine Bettlektre. Sowas liest man nur bei Tageslicht!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Loaded with action from the prologue to the last chapter. Von Kurt Keller Whether he knew it or not, Pierce Quincy was a legend around the Bureau. A highly skilled profiler, having studied psychology and criminology, one of the best people the FBI had for predicting crimes and moves criminals would make. But one day somebody equally skilled in understanding the mind of others starts to play games with Pierce. A terribly skilled and enormously motivated opponent wanting to do Quincy as much harm as possible, taking away all he has left in life. From the prologue to the last chapter, this thriller is loaded with action. Just as the main characters themselves, the reader does not really know who the culprit is till the very end. An addictive book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A very capturing book Von Haenzi, Barbara There was a lot of action and a very good plot. The book is full of suspense from the first until the last page. The relationships between the characters are nice and interesting

Kurzbeschreibung New York Times bestselling author Lisa Gardner is at the top of her form as she takes us on a desperate manhunt for a killer who preys upon his victims minds just before he claims their lives. What do you do when a killer targets the people you love the most? When he knows how to make them vulnerable? When he knows the same about you? These are the questions that haunt FBI Special Agent Pierce Quincy. The police say his daughters death was an accident. Quincy will risk everything to learn the truth and theres only one person willing to help. Ex-cop Rainie Connor had once been paired professionally and personally with the brilliant FBI profiler. He helped her through the darkest days of her life. Now its time for Rainie to return the favor. But this killer is like none these two hard-boiled pros have ever encountered. This twisted psychopath has an insatiable hunger for revenge...and for fear. As the clock ticks down to one unspeakably intimate act of vengeance, the only way Rainie can unmask this killer is to step directly in his murderous path. She will become a murder waiting to happen. She will be...the next accident. From the Paperback edition. From Booklist Gardner brings back the quirky team of FBI supervisory special agent Pierce Quincy and Portland private eye Rainie Conner in a fiendishly well choreographed dance of death. The reader knows from the outset (a seduction scene ending in vehicular homicide) that someone has set out to systematically murder FBI profiler Quincy's loved ones. The question is not why, since Quincy has tracked down many killers, but who. Specifically, who would have the resources of time, money, and psychological acumen to devise and carry out such a sadistic campaign? After the first death, Quincy calls upon Conner to investigate; the plot moves to the clock of the killer's agenda. The weak points of Gardner's writing are his dialogue and characterization: Conner's overly snappy banter and her hardbitten personality are both overdone. But Gardner knows procedure, FBI behavioral science, and the details of such newly minted crimes as identity theft. Not deep but harrowing. Connie Fletcher Copyright American Library Association.
