Von Laurell Emily Grey : The Nymph's Oath Book One (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nymph's Oath Book One (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. messing with mythology...Von EroticaAfterDarkI could have main-shelved this book as paranormal but it makes it absolutely clear that this is all about sex.Believe me, I wish I could give this story more than just three stars, but there are two very big obstacles that prevent me from doing that, plus some minor tense and punctuation mistakes, which do not have a big impact on my rating. However...FIRST: the double plot and seemingly major arc spanning all the parts of

the serial, while the main protagonists change. I don't mind this. But what I do mind is picking up my passionately beloved mythology - here it's Greek mythology and... messing with it. I'm just very sensitive when it comes to chivalry old tales. Emilia/ Emily is not a Greek name, it's Latin. So either name Zeus Jupiter, as he's called in Roman mythology, or use a Greek name. Then, Zeus never gave a choice where you could live with either possibilities, and he never asked for permission, he was a rapist. And, introducing a new mythology using modern terms just makes me shudder with.... well let's just say I'm not pleased. Sorry, can't help it, but this is a big no-go. It would have been better IMHO to leave the introduction out and the later scenes with Emily and Zeus would definitely have pleased me more. SECOND: rushing through the story to get to the erotic scenes, because YES, we all want to get there asap, but it just ruins the pace of the story. I wasn't able to enjoy it fully. Hell yes, I loved those scenes but everything around it was just... less than okay. I knew I was going to read it all because of the real start of the story. This sequence was just AMAZING. And that's why I'm going to continue the story. And not because of the premise of it, or maybe that too, but BECAUSE of the mythology used in it. I just hope it will be entwined and told a little bit better. All requirements are definitely there.

Kurzbeschreibung The Nymphs Oath, curse or blessing? A yearly ritual where all nymph kind will go into heat, sending their sexual hormones into overdrive, but there's a catch. If the females are not mated by the time they reach the age of thirty, they die tragically. For years, Rose has been dreaming the same intimate dream with two men, only to wake up alone. Time is running out for her as the Oath quickly approaches, a death sentence reigning above her head. Two men on a mission. Trent and Kraven are so close to finding their mate they can almost taste her. But will they be able to claim the woman that they were destined to be mated with? Or will it all be in vain... A lost cause. Kurzbeschreibung The Nymphs Oath, curse or blessing? A yearly ritual where all nymph kind will go into heat, sending their sexual hormones into overdrive, but there's a catch.
