Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. solid 3 stars! Von Katerina I was browsing on when I came across this book with its appealing cover and interesting synopsis and while I was thinking, if I should give this one a try, I saw a thread on goodreads that the author was looking for reviewers...Lucky me! This is how I received a copy in exchange for an honest review! The story/ ingredients: Trudy, a 27 year old American living in London attends her brother's wedding, who also emigrated from the US years ago.

There she meets her ex-boyfriend Charlie and a mysterious handsome man, to whom she feels instantly attracted. It turns out this man, Will Bentinck-Stanley, is the brother of her sister-in-law. Add to this mix a former girlfriend of all three men found dead and the question: Who dunnit? This could have easily been a 5-star-read...tension, mystery, steamy hot sex and all...So why 3 stars? But solid 3, mind you! As my former reviewers pointed out, Trudy keeps repeating everything that is happening over and over again...to the point that I thought she must suffer of anterograde amnesia/ short-term memory loss, which is not funny at all, especially when the reader has no such disease! I was waiting for the moment, when she would start writing down every event on post-it notes like Guy Pearce in Christopher Nolan's Memento did...and then found out that the book was originally published in a serialized format. Why, oh why, dear author did you not polish this??? It was so distracting!!!

Kurzbeschreibung Were we really talking bondage on our first normal date? When Trudy goes to her estranged brother's wedding, the last thing she expects is one of those moments: a handsome stranger, their eyes meeting across a crowded room... a tempting, but dangerous stranger. Determined to find out more, she discovers that dark secrets bind him to her brother; she also learns that he's the kind of man who gets what he wants, and what he wants right now is Trudy. Introducing her to the world of the super-wealthy, he showers her with designer clothes, shoes, and diamonds, whisking her off to dinner dates by private jet... what more could a girl want? But as she finds out more about him, Trudy begins to wonder if she can ever love a man she can never fully trust. A man involved in murder and blackmail, who may just be using her as an alibi. Should she run or let herself fall for him? And will he give her a choice? A passionate erotic romance, where scandals buried away in the past lead to murderous intrigue in the present, in the intensely steamy world of the super-wealthy and powerful.
