Von Catherine Coulter : The Offer (Baron Novels) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Offer (Baron Novels):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. THE WORST BOOK I THINK I HAVE EVER READVon Ein KundeI don't think I'm hard to please when it comes to curling up with a book, but I have to say I hated this book..... and the characters..... Philip does not deserve Sabrina (what a primo JERK!) and I kept rooting for her to leave him, hurt him like he hurt her and find someone who treated her as she deserved... but she never did... she hung onto him like a love sick puppy who tolerated his physical and mental abuse telling him over and over "I love you". What a joke. Okay..... so the first 90% of the book sucked.... but at least the author could have tried to pull the ending together..... NOPE. Philip goes from being a complete womanizer, openly sleeping with his mistress (even right in front of her!), screaming at her that he WILL keep his

freedom and her too, but that she cannot have a lover..... (this jerk spends his wedding night with a wh___, not his wife.....) and then all of a sudden, the last five pages he pledges his undying love for her..... Better yet, the ending doesn't even focus on them..... five minutes after he finally gives her pleasure in bed, he goes to wake up his friend and collect a present- the rest of the ending is about some stupid racing cat! What a joke..... DO NOT WASTE YOUR MONEY ON THIS ONE GIRLS!!!!!!!2 von 2 Kunden fanden die folgende Rezension hilfreich. SAVE YOUR MONEY! Von Ein Kunde I have read quite a bit of Catherine Coulter's book, which I've mostly enjoyed. This book is the worst book I've read all year. The Hero is a total big time womanizing, male chauvinist pig! He continues to sleep (and vastly enjoy it) with his mistress even on his wedding night to the heroine. He feels absolutely no guilt at all over it. This even happens close to the end of the book when his wife the heroine follows him and finds him on the point of having sex with his mistress. She kicks him in the groin and runs away. He then decides that he loves her and is going to be faithful to her. He doesn't grovel, he doesn't apologize, nothing and the stupid heroine just falls into his arms professing her undying love! Stupid! We, the readers are supposed to believe that 5 pages after he almost sleeps with his mistress he is now a changed and faithful husband. Yeah right! If you want to read about an unfaithful, unrepentant pig this is the book for you, otherwise save your hard earned money for a real romance...where the hero is redeemed and you can actually believe it and care.2 von 2 Kunden fanden die folgende Rezension hilfreich. typical, but I am left wondering... Von kathrynt@junction.net I liked the story, but it seems like characters appear out of nowhere, (like Richard Clarendon, and Charles) that leave me wondering if the book is part of a trilogy or series. There is a feeling like walking into a movie part way through. I do like the fact that Catherine Coulter does not summarize the other stories in a series like so many other authors do, ruining the story if you did not start at the beginning. By accident I bought the Wild Baron, and it appears to be a parallel of The Offer, connected through Phillips friend Rohan Carrington. I wish that the trilogy's or series were identified more clearly. I like to read a whole group at once, but can't if I don't know what the other books are called. The Offer had no reference to the Wild Baron on its cover. I must say though, that I am addicted, as predictable as these books are they keep you turning the pages into the wee hours.

Kurzbeschreibung A beautiful young woman is thrown together with a rakish Viscount by a twist of fate-and is caught off guard by her own yearning for love and passion. Kurzbeschreibung A beautiful young woman is thrown together with a rakish Viscount by a twist of fate-and is caught off guard by her own yearning for love and passion. ber den Autor und weitere Mitwirkende Catherine Coulter is the #1 New York Times bestselling author of the FBI Thrillers featuring husband and wife team Dillon Savich and Lacey Sherlock. She is also the author with J. T. Ellison of the Brit in the FBI series. She lives in Sausalito, California.
