die Original Fiction gefolgt. Mit diesem Auftakt zur Serie hat sie mich dann auch vollends von ihrem Können überzeugt. Mit a/b/o ist das ja immer so eine Sache. Im Prinzip kann jeder Autor die Spielregeln für sich selbst neu erfinden und in diesem Fall haben mir die Ideen mit denen Dessa Lux spielt sehr gefallen. Man merkt, dass sie aus der Fanfiction kommt weil die Sexszenen im Gegensatz zu einem Großteil der blauen M/M fiction wirklich fantastisch geschrieben sind ohne dass die Romance zu kurz kommt. Ich kann die Autorin und die Serie empfehlen! 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Omega's Bodyguard Von StillReading Sometimes, werewolf novels are very similar to each other and therefore very boring. There are tell-tale signs to each story pronouncing that it is at least a little bit like the one you read before. I am glad to tell that this story isn't like that. Dessa Lux understands how to tell a story to catch the reader's attention. There are scenes that are pretty hot as well as some that are sensitive. All in all, it's a good mixture. I really enjoyed reading. Sam is a very sweet character while Rusty is very protective. Both of them are exactly the right kind of cliché and all the trouble that comes with the stalker is exciting. Very well done! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Totally recommend it Von freedaddy mozart I really loved it! I just finished reading and I'm going to get the next part right now. The main characters are great, the story is exciting and really cute, the sex scenes are hot and I liked the writing style. I can only repeat the title of this review

Kurzbeschreibung Sparks fly when a protective alpha meets an omega in danger, but there's a catch: this omega is still human, and doesn't know what he could become with a bite from the right wolf. Being an alpha werewolf made Rusty Jamison one of the best while he served in the Marines, a top team leader in the elite Force Recon. But now his instincts have made military life unbearable--he couldn't protect his team without revealing what he was. He's out of the Corps and taking his first job as a bodyguard, using those instincts while protecting his secret. But his client is the last thing Rusty expected: a latent omega, a human with werewolf blood just waiting for a bite to awaken his potential. Sam Hurley has fended off plenty of unwanted advances in his twenty-four years. As a baby-faced computer genius, he's used to being sought after for more than just his brains--but now someone is stalking him, and Sam is going to need help getting him to take no for an answer. His new bodyguard seems like he'll be able to do the job, but once Sam meets him he wants Rusty for a lot more than protection. Rusty and Sam can barely keep their hands off each other from the moment they meet, driven by their werewolf instincts. Rusty knows that whoever's stalking Sam must be another alpha, hunting this rare unprotected omega. Sam might just be Rusty's chance to start a pack of his own; all he has to do is give up his secrets, hunt down a rogue alpha, and make sure Sam still wants to be his at the end of the day... The Omega's Bodyguard is a first time gay m/m alpha/omega werewolf romance featuring a powerful, protective alpha, a sweet, smart omega, and a steamy happy ending that is only the beginning of this new pack's adventures...
