KurzbeschreibungThe slow burn had enough tender moments to warrant the tissue box and enough sexual tension and spark to bring out the fan.EdenEveryone makes mistakes. I know that. Some big. Some not so. Mine just happened to be colossal. Even though in the end it's turned out to be a good thing. At least I think it will be. I've got a few months before I find out. I just wish the timing was better. Moving halfway across the country... Opening my own business... And now there's Jace Morgan. Thing is, I have to make this new life happen on my own. I can't rely on anyone else. See: colossal mistake. So why does everything seem so much easier when he's around?JaceI like working with my hands. I like being my own boss. I like small town life. Strangely, it suits. What I don't like is waking up every morning and thinking about Eden Karr. She makes me smile. She makes me laugh. I'd pretty much given up on doing either ever again. I get that life's not supposed to be fair. Or easy. But I thought I had my act together, and now all I can think about is getting close to her. Except when I'm thinking about getting away from her for good.(Originally published as Love Me Tender.)
