The most perfect middle book ever in a trilogy!Von D.BerdanisIn most trilogy's when you read the second book, all you can think about is getting to the third and final book to find out what is going on. In this book, you enjoy the journey so much you don't care that it doesn't have all the answers. The Keep in the desert, the Elowhim, the One Tree, awesome story!!!1 von 1 Kunden fanden die folgende Rezension hilfreich. Chronicles of Thomas Covenant the rewriteVon CustomerWhat would be a delicate and diplomatic way to say this... I did not care for this series even half as much as the first chronicles, this mostly appeared to be filler and the actual plot is only a third of any one of the three books.Our "anti-hero" Thomas has pretty much resigned himself to plod thru this with a very been there done that have the t-shirt attitude, and our heroine is simply in denial up to the end of the third book. Avoid this series and stick to the first Chronicles which I give 5 stars0 von 0 Kunden fanden die folgende Rezension hilfreich. I couldn't wait to find out what happened next!Von Ein KundeIt was amazing! Even though we were transported to a strange and unfamiliar world, which I found a bit unsettling. I loved the Harucahi (as always, they're my favourite characters (:) I almost cried when **** died, and I was at work at the time! Linden Avery continues to annoy me however, she seems too petty and selfish to be anyone who has the ability to save the world. I can't _wait_ till I get my hands on the next book. If you're considering reading or starting the series, do it! Perservere and you will be rewarded :) Donaldson does use some words that are a bit complicated (I'm 15) but if you have a dictionary handy, they do add to the story. This book (like the entire series) is cool, and definately worth reading.

KurzbeschreibungThomas Covenant and Linden Avery flee from the Land, and embark with the Giants on a desperate search for the One Tree, the powerful life-force whose branches alone can re-make the Staff of Law. They leave the Sunbane-ravaged shores they know for a new world where awesome creatures attack them at sea and strangely powerful new races both welcome and threaten them on Land - while Lord Foul sends his Ravers to harry Covenant and all who help him. Before them lies the prize that can vanquish the Sunbane - or wreak the devastation that Lord Foul seeks . . .KurzbeschreibungThomas Covenant and Linden Avery flee from the Land, and embark with the Giants on a desperate search for the One Tree, the powerful life-force whose branches alone can re-make the Staff of Law.
