**Von Grace Green : The Only Man to Trust (Her Protector)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Only Man to Trust (Her Protector):

Entertaining, Though a Bit LackingVon Ein KundeGrace Green's first Intrigue is a well-told mystery, though some flaws keep it from being great. Blair Enderby has just received a letter from her old friend Meredith, who claimed that something strange was happening to her and she needed Blair's help. Unfortunately, shortly after she mailed the letter, Meredith disappeared. She was recently found and is suffering from amnesia, while Blair, who was out of the country, just got her letter. Blair heads to the estate Meredith shares with her husband, Matt, the only man Blair ever loved, who Meredith stole from her. Matt is just as great as Blair remembers her, but Meredith is acting weirder and weirder, all the while claiming Matt is trying to hurt her. It's up to Blair to find out who is telling the truth, especially when

someone starts trying to kill her. Green starts out with a chilling prologue, but her tale gradually becomes less and less interesting. The heroine really doesn't do anything; she moves from one situation to the next where other people act and she responds to them. The characters are reasonably interesting, although the introduction of Blair's mother late in the story makes for one of the hokiest last pages I've ever seen ("There was going to be a wedding in the family!"). There is some creepy moments, but the Meredith mystery gradually becomes more solvable, long before the characters do so. My main problem was some of the writing style. Even if you hadn't told me Green wrote for Harlequin Presents and Romance, it would have been obvious--that writing style is far different from Intrigue. It's really old fashioned--there are too many exclamation points and times where Blair seems to be sighing, "Oh, Matt!" (Exclamation point!) that had me cringing. All too often, everyone sounds like they're going to swoon or make some grand revelation about the world. As a result, I was rolling my eyes a lot of the time I should have been shivering in fear. Good, but nowhere near great.

Kurzbeschreibung  
HER PROTECTOR A MAN WORTH FIGHTING FOR  
Blair Enderby: Girl next door. Not the sort of woman a self-made millionaire like Matt Straith would ever want for a wife. But Blair never dreamed Matt had been harboring his passions for her. Nor did she ever expect to be summoned to his estate by a cryptic letter. Someone wanted to frame the wealthy businessman, collect his fortune, get him out of the way. Everyone at the estate had motive. But Blair knew better. So did the killer. Only Blair hadn't betrayed Matt she would keep her out of harm's way at any cost. He'd lost her once, and no madman would destroy their future now. A woman alone with no one to trust. Where can she run? Straight into the arms of HER PROTECTOR
