**Von Goddess Victoria Black : THE ORDER OF THE FEM. (English Edition)** before purchasing it in order to  
gauge whether or not it would be worth my time, and all praised THE ORDER OF THE FEM. (English Edition):

better kind of vampires Von twohearts I usually don ' t read vampire romance, but this one has femdom twist. Also, it's

not a romance novel, but a horror short story about female supernatural predators who abuse and exploit their worshippers. Do not confuse this with a (more realistic) description of loving, caring, dominant Mistresses, because this is not what it is intended for. If you are more into this, look for some of the other works of Goddess Victoria Black, but if you enjoy fantasy stories about strong, powerful women with a cruel, even evil streak, this is a good read. Sadly, it's very short, so only 4 points instead of 5.

KurzbeschreibungTHE ORDER OF THE FEM. Vampires but not as you know them. These are creatures of raw sexual Feminine power. Slowly they turn men into their slaves and bring them into a world of pain, humiliation and abject obedience. This book contains strong scenes of sex and SM. It is for adults only. Do not read if you are easily offended.KurzbeschreibungTHE ORDER OF THE FEM. Vampires but not as you know them. These are creatures of raw sexual Feminine power.
