(English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Other Child: The addictive domestic thriller that you won't be able to put down! (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.
DisappointingVon FrauGThe was enjoyable up to a point. The plot wasn't very original - wife finds out husband isn't who he says he is. However, what really annoyed me was the ending. I really didn't think that the husband's "sins" were bad enough that the wife would leave him. Maybe I'm just too forgiving or maybe she was just looking for an excuse to go back to the UK!! On the whole this was readable but a bit weak.1 von 1 Kunden fanden die folgende Rezension hilfreich. If only there was a different ending...Von PatriciaI loved the book for the most part and kept guessing and reguessing how it will end.But the end was a huge disappointment. BEWARE - SPOILER!! I cannot understand why on earth Tess saw absolutely no other option than leaving Greg. Yes he lied about some things about his past. But he never did anything to harm Tess or the children and I do believe he really loved them and she always seemed to love him. So his mother was in fact his aunt, he once had a little sister who died and his name had once been different. Big deal. I seem to be missing something here and it totally ruined the book for me. What a pity.1 von 1 Kunden fanden die folgende Rezension hilfreich. A storyline filled with twists and turns!Von AggieVery enjoyable read. The characters in the story were written so that the readers could really identify with their personalities and therefore, emotionally bond with them. Great for book clubs as discussions could evolve into many different aspects of morals, ethics, etc.

Kurzbeschreibung'Taut, tense, and beautifully written' Clare Mackintosh, bestselling author of I Let You Go. An emotional psychological thriller for fans of The Couple Next Door and Behind Closed Doors. Sometimes a lie feels kinder than the truth . . . but what happens when that lie becomes an avalanche of deceit? When Tess is sent to photograph Greg, a high-profile paediatric surgeon, she sees something complex in him that she instantly connects with. Their relationship quickly deepens, but then Tess - already a single mother to nine-year-old Joe - finds out she's pregnant. Greg, who never wanted to be a father, is then offered the job of a lifetime back in his hometown of Boston, USA. Within just a few months, they have married and moved to the States. But life in an affluent Boston suburb is not as straightforward as Tess had hoped. Strange things keep happening in their rented home - Joe is unsettled, the next-door neighbours are clearly troubled, and Greg's work is all-consuming. As a fierce Boston winter closes in, and her baby's birth looms, Tess remains determined to make this new life work. Then she makes a jaw-dropping discovery . . .**Enjoyed The Other Child? The new novel from the inimitable Lucy Atkins, The Night Visitor, is available now!**Pressestimmen"A gripping page-turner." ""The Sunday Times" on "The Missing One""""Lucy Atkins's engrossing debut immediately immerses the reader in intrigue." ""Publishers Weekly" on "The Missing One""""Atkins keeps the suspense high to the startling conclusion." ""Publishers Weekly""""WerbetextA gripping psychological thriller from the author of the bestselling debut The Missing One. Perfect for fans of I Let You Go, The Sisters by Claire Douglas, The Book of You and The Ice Twins.
