A solid western historical romance debutVon MeinMikrokosmosWith her debut novel "The Outlaw of Cedar Ridge, Harper Impulse author Lori Connelly takes us back to the days of the wild west in young America when a mans honor was all that counted, and his first duty was to feed and protect his family. But what happens, when a man fails in this, when setbacks and sorrow undermine his pride, his ability to stay strong for his family? Author Lori Connelly shows us a marriage on the edge, a couple who had it all, but lost it all. In rich, intense language, the author lets Benjamin and Ellie tell the story of their marriage. They had almost everything they longed for, but then must start over after Ben has made a sum of wrong decisions, which put him into trouble. With nothing more than what fits onto a wagon, they start moving westward. They hope for a better life in Oregon, where some of Bens relatives remain. As if a journey through the rough and wild landscape wasnt already hard enough, Bens past haunts him still into present. Threatened from pursuers on the outside and their marriage nearly torn apart on the inside, their trip into the West becomes a life-threatening challenge. This romance novel is not about temptation or desire. It is not about the experience of falling deeply in love once in a lifetime. Ben and Ellie have already been there. This book is about a second chance for a nearly forgotten love, and thus, an enjoyable and thought-provoking read.

Can their love survive this second chance?ber den Autor und weitere MitwirkendeI was born and still live in Oregon. Despite being a good student, my teachers complained about my tendency to daydream. The tales dancing through my imagination were frequently far more entertaining than real life. As far back as I can remember I made up stories, to calm my sister after a nightmare, entertain myself in boring classes and write in countless notebooks, many never again to see the light of day. I earned a BS from Eastern Oregon State College and married my best friend almost twenty years ago. I've three brilliant, handsome sons, one amazing daughter-in-law, a beautiful granddaughter and two spoiled dogs. When not writing I love to read, hike, camp, rock hound, and take long walks with my husband just after it rains.
